purchase a neglected piece of land northwest of the city in the hopes of creating a more delicious and purposeful life. With a passion for regenerative biodynamic farming but a big learning curve to overcome, they threw themselves into the daunting task of revitalizing the land, which had been decimated by drought and pesticides. Today, they steward 234 thriving acres of gardens, animal pastures, habitat corridors, and orchards, including their abundant Fruit Basket, a lush tapestry of landscape that provides seventy-five different varieties of fruit trees. Chester and her husband's gentle, slow, and unconventional approach has inspired other farmers and was the subject of the 2019 award-winning documentary *The Biggest Little Farm*. This debut cookbook brings the bounty of the farm to readers' kitchens. As a chef who has long understood that flavor and healthy food go hand in hand, Chester is passionate about farm-fresh ingredients, and her cooking celebrates the tree-ripened fruits, seasonal vegetables, pastured eggs, and grass-fed meats for which the farm is known. With sections divided by season and insider tips for sourcing the best produce, this is a must-have cookbook for home cooks looking for inspiration for their farmers market hauls and anyone looking to create a closer connection to their food. *A Cook's Table* Jan Jorgensen,Todd Wernstrom,2024-11-08 This cookbook will not be like most other cookbooks And when we write this we re not claiming that we have reinvented the genre one that has not really changed all that much other than in presentation over the centuries Our book is not organized by the seasons It is not pegged to certain proteins the cuisine of a specific country or cooking techniques be they primal or avant garde Instead we have organized this book around a handful of the most commercially important and recognizable grapes The recipes in each chapter are conceived so as to complement one of that grape s resultant styles of a finished wine This is not the first cookbook to double down on the importance of a dish and a wine complementing each other However we think it goes further on the subject without getting bogged down by theory formulas and rules and the invariable exceptions to them in a very commonsense and straightforward way We have all come a long way from white with fish and red with meat Jan has often said that he ll figure out what to cook and how to cook it based upon what he is in the mood to drink and vice versa That very unfussy sort of weeknight ethos is present throughout these pages The recipes aren t designed to elicit oohs and aahs or impress by employing the newest technology or technique the words sous vide air fryer and even tweezers will not show up in them Instead there are dozens of recipes some simple some less so that hew to traditions that in some cases date back hundreds of years or borne of necessity or by chance Many others are grounded in Jan s background in professional kitchens including his own in Miami Two Chefs
