Crawford,2024-05-21 Examines Black Americans

suspicion about the potential political harassment of Black elected officials In Marked Men Nyron N Crawford offers a novel perspective on political scandal corruption and racial politics in the United States Contrary to traditional beliefs that politicians are forgiven for their transgressions because of the benefits they provide their constituents Crawford argues that Black Americans view political misdeeds by Black elected officials through a lens of suspicion towards the criminal legal system Crawford s work reveals that Black Americans often question the motivations behind investigations and indictments of Black politicians expressing concern that such actions by the state are intended to undermine embarrass and harass Black leaders Through a mixed method approach including experiments case studies and survey data Crawford illustrates that racialized suspicion shapes the way Black voters rally to protect their embattled Black political representatives The book challenges conventional wisdom by highlighting how a tolerance of corruption is not the driving force behind the support for wayward politicians Instead racialized mistrust of the criminal justice system plays a pivotal role By shedding light on this dynamic Marked Men examines the complexities of political scandals and the intricate interplay between race and politics in contemporary America The study calls for a deeper understanding of the motivations and attitudes of Black voters prompting readers to reconsider prevailing assumptions about political accountability and forgiveness in the context of race **Nash**

Marked Men Sally Robinson,2000-08-31 White men still hold most of the political and economic cards in the United States yet stories about wounded and traumatized men dominate popular culture Why are white men jumping on the victim bandwagon Examining novels by Philip Roth John Updike James Dickey John Irving and Pat Conroy and such films as Deliverance Misery and Dead Poets Society as well as other writings including The Closing of the American Mind Sally Robinson argues that white men are tempted by the possibilities of pain and the surprisingly pleasurable tensions that come from living in crisis
