Red Road From Stalingrad Recollections Of A Soviet Infantryman:

Red Road from Stalingrad Mansur Abdulin,1990-12-31 A Soviet infantryman offers a raw and candid look at life and death on the Eastern Front of WWII in this harrowing military memoir While the average Soviet infantryman survived the battlefield for mere weeks before being killed or wounded Mansur Abdulin fought on the front ranks for an entire year and survived to tell his remarkable story His extensive service pitted him against the German invaders at Stalingrad Kursk and on the banks of the Dnieper He therefore saw and engaged in some of the most bitter fighting in all of World War II Abdulin s vivid inside view of the ruthless war on the Eastern Front gives a rare insight into the reality of the fighting as well as the tactics and mentality of the Soviet army In his own words and with a remarkable clarity Abdulin describes what combat was like on the ground face to face with a skilled deadly and increasingly desperate enemy Hitler's Final Fortress Richard Hargreaves,2015-04-01 In early 1945 the Red Army plunged into the Third Reich from the east rolling up territory and crushing virtually everything in its path with one exception the city of Breslau which Hitler had declared a fortress city to be defended to the death This book examines in detail the notorious four month siege of Breslau The first full length English language account of the bloody siege Chronicles the bitter struggle as the Red Army encircled Breslau and eventually pillaged the city taking savage retribution on the survivors Details the brutal methods used by the city s Nazi leaders to keep German troops fighting and maintain order Winter Storm Hans Wijers,2012-06-01 Compilation of first person German accounts from the battle of Stalingrad Russian History through the Senses Matthew P. Stalin's Revenge Anthony Tucker-Jones,2009-07-19 In the summer of 1944 the Red Army crushed Army Group Centre in

one of the largest offensives in military history Operation Bagration launched almost exactly three years after the Nazi invasion of the Soviet Union was Stalin's retribution for Hitler's Operation Barbarossa Earlier battles at Stalingrad and Kursk paved the way for Soviet victory but as Anthony Tucker Jones demonstrates in this fascinating study Bagration ensured that the Germans would never regain the strategic initiative In one fell swoop the Wehrmacht lost a quarter of its strength on the Eastern Front And in a series of overwhelming assaults the Red Army recaptured practically all the territory the Soviet Union had lost in 1941 advanced into East Prussia and reached the outskirts of Warsaw As he reconstructs this massive and complex battle Anthony Tucker Jones assesses the opposing forces and their commanders and gives a vivid insight into the planning and decision making at the highest level He recreates the experience of the soldiers on the battlefield by using graphic contemporary accounts and he sets the Bagration offensive in the wider context of the Soviet war effort He also asks why Stalin's road to retribution proved to be such a long and bloody one for the Germans despite their crippling losses managed to resist for another ten months

Slaughter on the Eastern Front Anthony Tucker-Jones, 2017-05-01 In the summer of 1941 a collective madness overtook Adolf Hitler and his senior generals They convinced themselves that they could take on and defeat a superpower in the making the Soviet Union Foolishly they thought in a swift campaign they could smash the Red Army and force Stalin to sue for peace despite dire warnings that Stalin was amassing a reserve army of more than 1 million men on the Volga The end result would be such carnage that it would tear the German forces apart In his major reassessment of the war on the Eastern Front Anthony Tucker Jones casts new light on the brutal fighting including such astounding German defeats as at Stalingrad Kursk Minsk and finally Berlin He controversially contends that from the very start intelligence officers on both sides failed to influence their leadership resulting in untold slaughter He also reveals the shocking blunders by Hitler Stalin and even Churchill that led to the appalling needless destruction of Hitler's armed forces as early as the winter of 1941-42 Step by step Tucker Jones

describes how the German war machine fought to its very last against a relentless enemy fully aware that defeat was inevitable

Stalin's Armour, 1941-1945 Anthony Tucker-Jones, 2021-03-15 With over 60 photos this look at the role of Red Army tanks in Hitler's defeat will be of interest to modelers and military historians alike AMPS Indianapolis

Stalin's purge of army officers in the late 1930s and disputes about tank tactics meant that Soviet armored forces were in disarray when Hitler invaded in 1941 As a result during Operation Barbarossa the Wehrmacht's 3 200 panzers ran circles round the Red Army's tank force of almost 20 000 and thousands of Soviet tanks were disabled or destroyed Yet within two years of this disaster the Red Army's tank arm had regained its confidence and numbers and was in a position to help turn the tide and liberate the Soviet Union This is the remarkable story Anthony Tucker Jones relates in this concise highly illustrated history of the part played by Soviet armor in the war on the Eastern Front Chapters cover each phase of the conflict from Barbarossa through the battles at Moscow Stalingrad and Kursk to the massive tank led offensives that drove the Wehrmacht back to Berlin Technical and design developments are covered but so are changes in tactics and the role of the tanks in the integrated all arms force that crushed German opposition
