Writing Without Rules Jeffrey Somers,2018-06-22 Stop What You're Doing and Write Yes You Write Most writing guides imply or outright state that there's a fixed specific formula or list of rules you must follow to achieve writing and publishing success And all of them are phonies Well not completely There are real applicable techniques and strategies in any writing reference to help you But the idea that there's only one way of writing Nuts With unconventional approaches to the craft fresh angles on novel writing and selling a healthy dose of humor and no promise of refunds *Writing Without Rules* is for those writers who have tried and tried again and are ready to succeed on their own terms In these pages accomplished author Jeff Somers will show you The key to a successful writing career is doing the actual writing no matter the circumstances Fantastic ideas are available everywhere you just need to know how to tap into sources through a variety of approaches Important craft aspects that you should focus on such as characters and dialogue while spending less time on others like setting Effective ways to get published whether it's traditional or self publishing and how to supplement your income Whether you're a plotter a pantsier or somewhere in between *Writing Without Rules* is for those writers who are looking for a fresh take on tackling the challenge of writing and selling a novel and building a career As Somers will show you it's less about being perfect in everything and more about having the confidence to complete everything
