Naison's odyssey begins as Brooklyn public schools respond to a new wave of Black migrants and Caribbean immigrants and established residents flee to virtually all white parts of the city or suburbs. Already alienated by his parents' stance on race issues and their ambitions for him, he has started on a separate ideological path by the time he enters Columbia College. Once he embarks on a long-term interracial relationship, becomes a member of SDS, focuses his historical work on black activists and organizes community groups in the Bronx, his immersion in the radical politics of the 1960s has emerged as the center of his life. Determined to keep his ties to the Black community even when the New Left splits along racial lines, Naison joined the fledgling African American studies program at Fordham, remarkable then as now for its commitment to interracial education. This memoir offers more than a participant's account of the New Left's racial dynamics; it eloquently speaks to the ways in which political commitments emerge from and are infused with the personal choices we all make. *Never Stop Running* William H. Chafe, 1993-11-16 The biography of a pivotal figure who embodied and exemplified the tradition of liberal activism in the post-World War II era.
