*Stepping Out of Self-Deception* Rodney Smith, 2010-07-13 A prominent Insight Meditation teacher presents the Buddhist concept of no self in an easy to understand way that will radically change your perspective on life Anatta is the Buddhist teaching on the nonexistence of a permanent independent self It s a notoriously puzzling and elusive concept usually leading to such questions as If I don t have a self who s reading this sentence It s not that there s no self there says Rodney Smith It s just that the self that is reading this sentence is a configuration of elements that at one time did not exist and which at some point in the future will disperse Even in its present existence it s more a temporary arrangement of components rather than something solid Anatta is a truth the Buddha considered to be absolutely essential to his teaching Smith shows that understanding this truth can change the way you relate to the world and that the perspective of selflessness is critically important for anyone involved in spiritual practice Seeing it can be the key to getting past the idea that spirituality has something to do with self improvement and to accessing the joy of deep insight into reality
