experiences appear to prevail Many people use pleasant elements of religion to add meaning to their lives to find spiritual fulfillment or a way to salvation and to experience belonging to a larger unity At the same time diverse cultural dynamics of late modern society such as popular culture commercialization re enchantment and feminization influence this trend of enjoying religion In spite of secularization playing with religion appears to be attractive *Gods and Rollercoasters* Crispin Paine,2019-01-10 This worldwide study examines how religion gets into theme parks as mission as an aspect of culture as fable and by chance Gods and Rollercoasters analyses religion in theme parks looking at how it relates to modernism popular culture right wing politics nationalism and the rise of the global middle class Crispin Paine argues that religion has discovered a major new means of expression through theme parks From the reconstruction of Biblical Jerusalem at the Holy Land Experience in Orlando through the world of Chinese mythology at Haw Par Villa in Singapore to the great temple theme park Akshardham in New Delhi this book shows how people are encountering and experiencing religion in the context of fun thrills and leisure time Drawing on examples from six of the seven continents and exploring religious traditions including Christianity Daoism Buddhism Hinduism and Islam Gods and Rollercoasters provides a significant contribution to the study of religion sociology anthropology and popular culture **Jan Brueghel the Elder** Arianne Faber Kolb,2005 Kolb has produced a thoroughly researched essay on this painting which is in the Getty Museum The study focuses on Brueghel s depiction of nature especially his exacting representation of identifiable species of animals and birds the names of which are listed Brueghel s collaboration with other painters his and other painters re use of the same theme and composition and the history and practice of natural history collection and representation are central themes The volume which is printed in a horizontal format it s 11x8 and heavily illustrated is written for a general audience though art historians will also find much of interest *Teddybear's First 1000 Words* Nicola Baxter,2001 Large color pages with named pictures of related words Other pictures are of everyday scenes with smaller named pictures of elements in the scenes bordering the whole Rhyming text at the bottom of each scene describes some of the action and asks the reader to identify actions taking place in the scene

**The Intellectual Life of the Early Renaissance Artist** Francis Ames-Lewis,2002-01-01 At the beginning of the fifteenth century painters and sculptors were seldom regarded as more than artisans and craftsmen but within little more than a hundred years they had risen to the status of artist This book explores how early Renaissance artists gained recognition for the intellectual foundations of their activities and achieved artistic autonomy from enlightened patrons A leading authority on Renaissance art Francis Ames Lewis traces the ways in which the social and intellectual concerns of painters and sculptors brought about the acceptance of their work as a liberal art alongside other arts like poetry He charts the development of the idea of the artist as a creative genius with a distinct identity and individuality Ames Lewis examines the various ways that Renaissance artists like Mantegna Leonardo da Vinci Raphael and D rer as well as many other less well known painters and sculptors pressed for intellectual independence By writing treatises biographies poetry and other literary

works by seeking contacts with humanists and literary men and by investigating the arts of the classical past Renaissance artists honed their social graces and broadened their intellectual horizons They also experienced a growing creative confidence and self awareness that was expressed in novel self portraits works created solely to demonstrate pictorial skills and monuments to commemorate themselves after death Lives of the Prophets Mohamad Reza Ghiasian,2018-08-13 In Lives of the Prophets The Illustrations to Hafiz i Abru s Assembly of Chronicles Mohamad Reza Ghiasian analyses two extant copies of the Majma al tawarikh produced for the Timurid ruler Shahrukh r 1405 1447 The first manuscript is kept in Topkap Palace and the second is widely dispersed Codicological analysis of these manuscripts not only allows a better understanding of Hafiz i Abru s contributions to rewriting earlier history but has served to identify the existence of a previously unrecognised copy of the Jami al tawarikh produced at Rashid al Din s scriptorium Through a meticulous close reading of both text and image Mohamad Reza Ghiasian convincingly proves that numerous paintings of the dispersed manuscript were painted over the text before its dispersal in the early twentieth century Couples Group Psychotherapy Judith Coché,Erich Coché,1990 The Coches teaching and professional therapists present a model of couples group psychotherapy conceptualizing treatment conducting group meetings incorporating this form of treatment into clinical practice and evaluating the success of the group and couples involved Annotation copyright Book
