# Edexcel A Level Maths Predicted Paper 2 2024

---

**@MrChapmanMaths**

This is my version of a **predicted paper** based on topics that come up with high frequency, ruling out topics that have appeared as the main part of a question in pure paper 1.

It is important to remember that just because a topic has come up in paper 1, it can still form part of a question in paper 2. As such you should remember that **all** topics should form part of your revision and this should not somehow be the only thing you revise from.

**This paper contains 100 marks worth of questions and is designed to be sat over a duration of 2 hours.**

**The mark scheme is at the end of the document.**
