The Noir Atlantic Pim Higginson, 2011 The Noir Atlantic follows the influence of African American author Chester Himes on Francophone African crime fiction In 1953 Himes emigrated to Paris he struggled there just as he had in the United States In 1957 his luck changed the famous French *Série noire* brought out the first installment of his Harlem crime series *La reine des pommes* Suddenly he was a household name in France Later he would also have a significant influence on Francophone African writers for them Himes's blend of absurdist humor and violence offered an alternative to a high literary paradigm implanted during the colonial era Likewise his heterogeneous identity as American black and a writer of French bestsellers modeled an escape from the centripetal pull of the *Métropole* Starting with Abasse Ndione's depictions of Senegal's marijuana smoking subculture in *La Vie en spirale* 1982 and ending with Mongo Beti's 2001 *Branle bas en noir et blanc* set in Yaoundé Cameroon Francophone African crime fiction rejected French criteria of literary success it embraced a new postcolonial aesthetic that emphasized entertaining the reader while making a living The Noir Atlantic demonstrates why turning to what this study calls a frivolous literary mode represented a profound shift in perspective that anticipated more recent developments such as *littérature mondiale*

The only autobiography of the greatest violinist of his generation Yehudi Menuhin The road to the pinnacle of violin playing has not been an easy one for David Garrett His childhood revolved around discipline and working daily with his father who fostered his talent and supported him while also being an ambitious driving force From the tender age of ten he was already performing on stage with the world's greatest orchestras later playing all the classical works as a teenager before freeing himself from the shackles of his wunderkind existence in his early twenties and moving to New York to study It was in that city that he laid the foundations for a new genre of classical music in the form of crossover combining virtuoso violin music with the latest pop which made him more famous than ever before David is the perfect embodiment of a young man's onerous quest to carve out his own path and live authentically finding his very own solution to this problem by fully committing to something that could just as easily have destroyed him as a person music In this autobiography we witness his world through his own eyes the dazzling highs along with the sweat and tears a dramatic inspiring and touching book for all fans and music lovers **Editorial and News Reaction to the Beginning of Medicare, July 6, 1966** ,1966
