Gaudin,2025-03-18 Shaped by centuries of migration enslavement freedom colonization and cultural mixture Louisiana Creole identity is often simplified or misunderstood to fit into today s ideas about race and nationality In *Sunset Limited* An Autobiography of Creole Wendy A Gaudin fearlessly takes on the many meanings of Creole in a lyrical exploration of how this multilayered transnational bilingual and racially expansive history of New Orleans and Louisiana has manifested itself in her own diasporic Creole family When Gaudin s Creole grandparents boarded the *Sunset Limited* train in Jim Crow era New Orleans they imagined new lives for themselves in the city of Los Angeles The *Sunset Limited* produced a twentieth century Creole community on the West Coast whose members ate the traditional foods of south Louisiana gathered in one another s homes and churches spoke in the distinctive dialects of the Gulf Coast and taught their children to respect their unique blended ancestry and their centuries long history As an adult yearning to know more about her Creole background Gaudin returned to Louisiana There she began to trace her Creole ancestors back to the time before the Civil War confronting hard truths about the past her grandparents left behind Revisiting the lands of her ancestors diving into the archival record interviewing those who remained in New Orleans and remembering the stories told to her by her elders Gaudin sought answers to questions asked by many whose lives are shaped by migration Why did her people leave their ancestral home What did they lose in the leaving and what did they gain *Sunset Limited* explores the boundaries of what it means to be Creole how migration shaped Gaudin s family and her community and how this history is remembered and told Incorporating historical narrative oral history biomythography historiography cultural geography autoethnography and poetry *Sunset Limited* is as multidimensional and dynamic as Louisiana Creoles themselves Weaving together the stories of her mixed race elders the artifacts of her ancestors and memories of her California childhood Gaudin argues that history is not a cold linear record of the past Rather it is a deeply felt understanding of how we are shaped by the movements of our ancestors and of our rich and ever changing relationships with those who came before us **Monthly Catalog of United States**

in Louisiana is and serves as a key reminder that Louisiana serves as a prime repository for Native and heritage languages ranking among the strongest preservation regions in the southern and eastern US Nathalie Dajko outlines the development of French in the region highlighting the features that make it unique in the world and including the first published comparison of the way it is spoken by the local American Indian and Cajun populations She then weaves together evidence from multiple lines of linguistic research years of extensive participant observation and personal narratives from the residents themselves to illustrate the ways in which language in this case French is as fundamental to the creation of place as is the physical landscape It is a story at once scholarly and personal the loss of the land and the concomitant loss of the language have implications for the academic community as well as for the people whose cultures and identities are literally at stake

Civil War and Agrarian Unrest Enrico Dal Lago,2018-03-15 Between 1861 and 1865 both the Confederate South and Southern Italy underwent dramatic processes of nation building with the creation of the Confederate States of America and the Kingdom of Italy in the midst of civil wars This is the first book that compares these parallel developments by focusing on the Unionist and pro Bourbon political forces that opposed the two new nations in inner civil conflicts Overlapping these conflicts were the social revolutions triggered by the rebellions of American slaves and Southern Italian peasants against the slaveholding and landowning elites Utilizing a comparative perspective Enrico Dal Lago sheds light on the reasons why these combined factors of internal opposition proved fatal for the Confederacy in the American Civil War while the Italian Kingdom survived its own civil war At the heart of this comparison is a desire to understand how and why nineteenth century nations rose and either endured or disappeared

*Holding Back the River* Tyler J. Kelley,2022-04-19 A revelatory work of reporting on the men and women wrestling to harness and preserve America's most vital natural resource our rivers The Mississippi The Missouri The Ohio America's rivers are the very lifeblood of our country We need them for nourishing crops for cheap bulk transportation for hydroelectric power for fresh drinking water Rivers are also part of our mythology our collective soul they are Mark Twain Led Zeppelin and the Delta Blues But as infrastructure across the nation fails and climate change pushes rivers and seas to new heights we've arrived at a critical moment in our battle to tame these often destructive forces of nature Tyler J Kelley spent two years traveling the heartland getting to know the men and women whose lives and

livelihoods rely on these tenuously tamed streams On the Illinois Kentucky border we encounter Luther Helland master of the most important and most decrepit lock and dam in America This old dam at the end of the Ohio River was scheduled to be replaced in 1998 but twenty years and 3 billion later its replacement still isn't finished As the old dam crumbles and commerce grinds to a halt Helland and his team must risk their lives using steam powered equipment and sheer brawn to raise and lower the dam as often as ten times a year In Southeast Missouri we meet Twan Robinson who lives in the historically Black village of Pinhook As a super flood rises on the Mississippi she learns from her sister that the US Army Corps of Engineers is going to blow up the levee that stands between her home and the river With barely enough notice to evacuate her elderly mother and pack up a few of her own belongings Robinson escapes to safety only to begin a nightmarish years long battle to rebuild her lost community Atop a floodgate in central Louisiana we're beside Major General Richard Kaiser the man responsible for keeping North America's greatest river under control Kaiser stands above the spot where the Mississippi River wants to change course abandoning Baton Rouge and New Orleans and following the Atchafalaya River to the sea The daily flow of water from one river to the other is carefully regulated but something else is happening that may be out of Kaiser and the Corps control America's infrastructure is old and underfunded While our economy society and climate have changed our levees locks and dams have not Yet to fix what's wrong will require more than money It will require an act of imagination With meticulous research and insightful analysis Publishers Weekly Holding Back the River brings us into the lives of the Americans who grapple with our mighty rivers and through their stories suggests solutions to some of the century's greatest challenges
