Millionaires are the new middle class Remember how all these financial gurus like Suzy Orman and Dave Ramsey keep pounding in us about living below your means and never get into debts Did you know living below your means does not work today anymore 76% of Americans are living paycheck to paycheck Why Job income has only increased minimally over last 30 40 years Today median income in the United State is 52 000 annually What was your last pay raise Inflation is about 3 3% annually which means your food and housing cost go up 3 3% each year If you're getting a pay raise of 1% or less each year can you really live below your means Never get into debts does not work either because Dave Ramsey's assuming all debts are bad Many successful companies become successful because they're able to borrow money to expand their business Take real estate for example most people cannot afford to buy a property especially in Hawaii with all cash But banks and lenders make it possible for people with decent credit score to buy homes and real estate properties with borrowed money True you're spending money on interest but your return is a lot greater The financial solution to what families are facing today is not live below your means or never get into debts Families should learn how money works and become smart investors and create multiple streams of passive income through business ownership and investing And this book will show you how
