patterns we wish to follow We can build patterns of behavior into our lives that shape our character form our reputation and determine our satisfaction in life Anything we do in life with any kind of repetition is a life pattern whether it builds us up or tears us down says author and pastor Mel Lawrenz Being unaware of our life patterns is about the biggest gamble any of us can take Patterns looks at two essential sets of biblical patterns that can help you create a God filled life First come the building blocks of character love joy peace patience kindness goodness faithfulness gentleness and self control Then the book looks at devotion patterns the acts that draw you closer to God such as prayer spiritual reading and worship You ll see how the different patterns relate to one another and how you can become more aware of your own life patterns so you can make a conscious choice to develop a richer more vibrant relationship with God You ll learn how to practice good life patterns that offer a design for spiritual health and strength order for spiritual direction and consistency for an intimate dialogue with God Patterns challenges you to cultivate habits of life deeply rooted in the love and grace of God Lawrenz says The idea of patterning is that if we follow the designs God has described in great detail if we follow those blueprints and keep steady in those rhythms we will experience life with a fullness and soundness that comes only from God just like building a home according to the plan of a master architect Patterns is a handbook for spiritual development that encourages you to discover the patterns of your own life and how you can nurture God inspired life patterns that build and strengthen your Christian faith
