**The Last September** Nina de Gramont, 2025-05-01 The Last September is a wonderful glowing book populated by characters that become a part of your life long after the last page has been turned It is the type of novel writers admire and readers long for Jason Mott author of The Returned Brett has been in love with her husband Charlie from the day she laid eyes on him in college When he is found murdered Brett is devastated But if she is honest with herself their marriage had been hanging by a thread for quite some time All clues point to Charlie's mentally ill brother Eli but any number of people might have been driven to kill Charlie a handsome charismatic man who unwittingly damaged almost every life he touched Brett is determined to understand how such a tragedy could have happened and whether she was somehow complicit Set in the desolate autumn beauty of Cape Cod this riveting emotional puzzle explores the psyche of a woman facing down the meaning of love and loyalty Brilliant rendering of love story and murder mystery I was hooked by the first paragraph which somehow contains all the beautiful luminous grief of the whole story and I truly did not want to let it go in the end Brad Watson author of Aliens in the Prime of Their Lives A moody murder mystery Boasts lovely understated writing sharply drawn settings and once again characters who are irresistibly attractive flawed and dangerous A fine literary whodunit from an accomplished storyteller Kirkus Reviews

**Embodiment and the Cosmic Perspective in Twentieth-Century Fiction** Marco Caracciolo, 2020-05-13 In dialogue with groundbreaking technologies and scientific models twentieth century fiction presents readers with a vast mosaic of perspectives on the cosmos The literary imagination of the world beyond the human scale however faces a fundamental difficulty if as researchers in both cognitive science and narrative theory argue fiction is a practice geared toward the human embodied mind how can it cope with scientific theories and concepts the Big Bang quantum physics evolutionary biology and so on that resist our common sense intuitions and appear discontinuous in spatial as well as temporal terms with our bodies This book sets out to answer this question by showing how the embodiment of mind continues to matter even as writers and readers are pushed out of their terrestrial comfort zone Offering thoughtful commentary on work by both mainstream literary authors and science fiction writers from Primo Levi to Jeanette Winterson from Olaf Stapledon to Pamela Zoline Embodiment and the Cosmic Perspective in Twentieth Century Fiction explores the multiple ways in which narrative can radically defamiliarize our bodily experience and bridge the gap with cosmic realities This investigation affords an opportunity to reflect on the role of literature as it engages with science and charts its epistemological and ethical ramifications

**Wild Kids** Ta-chun Chang, 2000-08-31

These two searingly funny and unsettling portraits of teenagers beyond the control and largely beneath the notice of adults in 1980s Taiwan are the first English translations of works by Taiwan's most famous and best-selling literary cult figure Chang Ta-chun's intricate narrative and keen ironic sense of humor poignantly and piercingly convey the disillusionment and cynicism of modern Taiwanese youth. Interweaving the events between the birth of the narrator's younger sister and her abortion at the age of nineteen, the first novel *My Kid Sister* evokes the complex emotional impressions of youth and the often bizarre social dilemmas of adolescence. Combining discussions of fate, existentialism, sexual awakening, and everyday absurdities in a typically dysfunctional household, it documents the loss of innocence and the deconstruction of a family. In *Wild Child*, fourteen-year-old Hou Shichun drops out of school, runs away from home, and descends into the Taiwanese underworld where he encounters an oddball assortment of similarly lost adolescents in desperate circumstances. This novel will inevitably invite comparisons with the classic *The Catcher in the Rye*, but unlike Holden Caulfield, Hou isn't given any second chances. With characteristic frankness and irony, Chang's teenagers bear witness to a new form of cultural and spiritual bankruptcy.
