Fake News Nation James W. Cortada, William Aspray, 2019-10-01 How rumors lies and misrepresentations shaped American history After the election of Donald Trump as president people in the United States and across large swaths of Europe Latin America and Asia engaged in the most intensive discussion in modern times about falsehoods pronounced by public officials Fake facts in their various forms have long been present in American life particularly in its politics public discourse and business activities going back to the time when the country was formed This book explores the long tradition of fake facts in their various guises in American history It is one of the first historical studies to place the long history of lies and misrepresentation squarely in the middle of American political business and science policy rhetoric In Fake News Nation James Cortada and William Aspray present a series of case studies that describe how lies and fake facts were used over the past two centuries in important instances in American history Cortada and Aspray give readers a perspective on fake facts as they appear today and as they are likely to appear in the future **Death Investigation in America** Jeffrey M Jentzen, 2010-02-15 Why is the American system of death

investigation so inconsistent and inadequate In this unique political and cultural history Jeffrey Jentzen draws on archives interviews and his own career as a medical examiner to look at the way that a long standing professional and political rivalry controls public medical knowledge and public health Projecting Paranoia Ray Pratt,2001 A wide ranging and idiosyncratic look at sixty years of politics and film that uncovers how American movies have mirrored and even challenged anxieties and paranoid perceptions embedded in American society since the start of the Cold War The first book to take a sweeping look at 60 years of film and analyze them thematically *The Girl on the Stairs* Barry Ernest,2011-03 On November 22 1963 a young Victoria Elizabeth Adams stood behind a fourth floor window of the Texas School Book Depository in Dallas She watched as John Kennedy was murdered in the streets below Then with a co worker in tow she ran down the back stairs of the building in order to get outside and determine what had happened At that precise moment her life changed forever Her actions posed serious problems for the Warren Commission already grappling with its agenda of naming Lee Harvey Oswald as the lone assassin If Miss Adams was telling the truth then she had descended those stairs at the same time Oswald would have been on them as he made his escape from the sixth floor sniper s nest Yet Miss Adams saw no one And even though the stairs were old wooden and creaky under any weight she heard no one either When Miss Adams was called to testify before a Commission attorney she was quickly discredited humiliated and eventually branded a liar Behind closed doors she pleaded with the government to conduct time tests of her actions if she was felt to have been inaccurate She begged the government to question her co workers particularly the woman who had accompanied her down the stairs if she was not believed Instead she was ignored And so knowing the truth of what she had done and now fearing for her life because of it she went into hiding and became willing to die with that secret knowledge Intrigued by what little was available about Miss Adams the author went in search of her It took him 35 years to eventually find this elusive witness As his journey progressed many questions arose about the assassination while others were put to rest And in the end the truth of what Miss Adams did was finally discovered This is an important story unique in this mess that continues to surround Kennedy s death It is a story that has been buried for decades It is an account the government did not want you to hear and actually fabricated evidence in order to keep you from hearing it Now the truth can be told Last Word Mark Lane,2011-11-01 Mark Lane tried the only U S court case in which the jurors concluded that the CIA plotted the murder of President Kennedy but there was always a missing piece How did the CIA control cops and secret service agents on the ground in Dealey Plaza How did federal authorities prevent the House Select Committee on Assassinations from discovering the truth about the complicity of the CIA Now New York Times best selling author Mark Lane tells all in this explosive new book with exclusive new interviews sworn testimony and meticulous new research including interviews with Oliver Stone Dallas Police deputy sheriffs Robert K Tanenbaum and Abraham Bolden Lane finds out first hand exactly what went on the day JFK was assassinated Lane includes sworn statements given to the Warren Commission by a police officer who

confronted a man who he thought was the assassin The officer testified that he drew his gun and pointed it at the suspect who showed Secret Service ID Yet the Secret Service later reported that there were no Secret Service agents on foot in Dealey Plaza The Last Word proves that the CIA operating through a secret small group prepared all credentials for Secret Service agents in Dallas for the two days that Kennedy was going to be there conclusive evidence of the CIA s involvement in the assassination

Covering the Body Barbie Zelizer,1992-10-15 Covering the Body the title refers to the charge given journalists to follow a president is a powerful reassessment of the media s role in shaping our collective memory of the assassination at the same time as it used the assassination coverage to legitimize its own role as official interpreter of American reality Of the more than fifty reporters covering Kennedy in Dallas no one actually saw the assassination And faced with a monumentally important story that was continuously breaking most journalists had no time to verify leads or substantiate reports Rather they took discrete moments of their stories and turned them into one coherent narrative blurring what was and was not professional about their coverage
