Using Data to Improve Teacher Education Charles Peck, Kristen Cuthrell, Désirée H. Pointer Mace, Tine Sloan, Diana Lys, 2021

This book offers concrete examples of how data can be used by faculty staff and program leaders to improve their collective work as teacher educators. Strong external accountability mandates often lead to tensions that undermine local morale and motivation. This volume focuses on the practical work of navigating these tensions so that valuable programmatic change can happen. It describes policies and practices drawn from a study of high data use teacher education programs from around the country that have strategically engaged the challenges of learning to use data for program improvement. Readers will see how the data use work carried out in these programs strengthened local program identity and coherence. Representing a collaborative effort between researchers and practitioners, this volume presents lessons learned to assist teacher educators who are engaged daily with the challenges of making data useful and used in their programs. Book Features: Examples of how tensions between external mandates for accountability and program improvement can be navigated in ways that are grounded in local program values. Detailed case study portraits of individual programs that offer a full and action oriented sense of data use work. Strategies for ensuring that data systems are responsive to multiple stakeholders such as faculty, administrators, students, and policymakers. A diversity of perspectives and experiences from small liberal arts colleges, large teacher preparation institutions, and research intensive universities.

Evaluating Teacher Education Programs through Performance-Based Assessments Polly, Drew, 2016-02-10. Performance based assessments have become a critical component of every teacher education program. Such assessments allow teacher candidates to demonstrate their content and pedagogical knowledge, skills, and dispositions in an authentic setting. Evaluating Teacher Education Programs through Performance Based Assessments analyzes and discusses the theory and concepts behind teacher education program evaluation using assessment tools such as lesson plans, classroom artifacts, student work examples, and video recordings of lessons. Emphasizing critical real world examples and empirically based studies, this research based publication is an ideal reference source for university administrators, teacher educators, K-12 leaders, and graduate students in the field of education.

Professionalizing Teacher Education Claire Wyatt-Smith, Lenore Adie, Michele Haynes, Chantelle Day, 2022-06-30. This book provides a significant contribution to conversations about teacher quality and graduate readiness for teaching. It presents empirical insights into how a multidisciplinary team of researchers, teacher educators, and policy personnel mobilized for collective change in a standards driven reform initiative. The insights are research informed and critically relevant for anyone interested in teacher preparation and credentialing. It gives an account of a bold move to install a collaborative culture of evidence informed inquiry to professionalize teacher education. The centerpiece of the book is the use of standards and evidence to show the quality of graduates entering the teaching workforce. The book presents for the first time a model of online cross institutional moderation as benchmarking to generate large scale evidence of the quality of teacher education. The book also introduces a new conceptualization of a feedback loop using summative data for accountability and formative data to inform curriculum review and program renewal. This book offers the insider story of the

conceptualization design and implementation of the Graduate Teacher Performance Assessment GTPA It involves going to scale with a large group of Australian universities government agencies and schools and using participatory approaches to advance new thinking about evidence informed inquiry cross institutional moderation and innovative digital infrastructure The discussion of competence assessment standards and change processes presented in the book has relevance beyond teacher education to other professions

Possibilities, Challenges, and Changes in English Teacher Education

Today Heidi L. Hallman, Kristen Pastore-Capuana, Donna L. Pasternak, 2019-05-24 This book focuses on English teacher educators experiences concerning professionalization and teacher identity The term professionalization itself can be problematized Popkewitz 1994 as it connotes adherence to realities to professional norms that are based within particular histories Yet teacher educators must confront how to mentor prospective teachers into the field and how changes to the field manifest changes to what it means to be a professional In research about changes in English teacher education over the past twenty years Pasternak Caughlan Hallman Renzi and Rush 2017 presented five distinct foci of ELA programs that have evolved 1 changes to field experiences within teacher education programs 2 altered conceptions of teaching literature and literacy within the context of ELA 3 increased adherence to standardization 4 changing demographics of students in K 12 classrooms and 5 increased expectations for use of technology within ELA These foci impact how professionals in ELA are viewed both from inside and outside the profession and how they navigate these tensions in teacher education programs to define what it means to identify as an English teacher Throughout the book chapter authors articulate dilemmas that focus around professionalization and teacher identity questioning what it means to be an English teacher today While some chapters suggest methods for increased awareness of tensions within practice other chapters approach professionalization and teacher identity by asking what the limits of methods classes and teacher education might be in preparing ELA teachers and supporting them to remain in the profession Today s political environment devalues teachers and teaching a situation that has critics deriding the educational standards at institutes of higher education while concurrently lauding alternative programs that do not have to adhere to the same rigorous teacher certification requirements English teacher educators are now being asked to design programs soften requirements and recruit and mentor teacher candidates to a profession that in the past certified more new English teachers than it could employ The chapters in this book explore what it means to educate and be an English teacher educator under these conditions

Implementing and Analyzing Performance Assessments in Teacher Education Joyce E. Many, Ruchi Bhatnagar, 2017-12-01

Teacher education has long relied on locally developed assessments that lack reliability and validity Rigorous performance based assessments for preservice teachers have been advanced as one possible way to ensure that all students receive instruction from a high quality teacher Recently performance based assessments have been developed which focus on the application of knowledge of teaching and learning in a classroom setting Our book explores factors related to the implementation of teacher performance assessments in
