Children's Drawing and Writing Diane Mavers, 2011-06-23 Children's everyday drawing and writing are paradoxical charmingly engaging yet seemingly unremarkable in their ordinariness This book takes a very close look at what passes by largely unnoticed at home and in school copying texts fleetingly present then gone a picture drawn after the valued work of writing has been completed Examining features of children's text making that are commonly disregarded because of their very ordinariness or dismissed as mistakes because they are flawed or lacking the book examines features such as shading arrangement and forms of shorthand and uncovers an intensity of effort in the making of meaning In decisively shifting the focus away from insufficiency to what children can do and to the work they invest in the texts they make the lens taken here reveals resourcefulness and purposiveness The unremarkable turns out to be remarkable This has the most profound implications for what takes place at school and beyond

The book supports NAEYC standards. **Teaching STEM in the Early Years, 2nd edition** Sally Moomaw, 2024-05-14. Stimulate and engage children's thinking as you integrate STEM experiences throughout your early childhood program. More than 85 engaging, developmentally appropriate activities maximize children's learning in science, technology, engineering and mathematics. Each experience combines at least two STEM disciplines and incorporates materials and situations that are interesting and meaningful to children. As researchers and educators increasingly recognize how critical early childhood mathematics and science learning is in laying the foundation for children's later STEM education, this second edition of Teaching STEM in the Early Years is a much needed resource for every early childhood classroom. It will encourage you to think differently about STEM education and you will see how easy it is to accommodate curriculum goals and learning standards in math and science activities. This edition provides updated research and references and adds

Ideas for incorporating literacy with STEM activities including children's book recommendations STREAM It segments that incorporate reading and art into STEM with art and music extension to activities Suggestions for varying the difficulty of activities for a variety of learners
