Tradition In A Rootless World Women Turn To:

Tradition in a Rootless World Lynn Davidman, 1991-07-29 The past two decades in the United States have seen an immense liberalization and expansion of women's roles in society. Recently however some women have turned away from the myriad complex choices presented by modern life and chosen instead a Jewish orthodox tradition that sets strict and rigid guidelines for women to follow. Lynn Davidman followed the conversion to Orthodoxy of a group of young secular Jewish women to gain insight into their motives. Living first with a Hasidic community in St Paul Minnesota and then joining an Orthodox synagogue on the upper west side of Manhattan Davidman pieced together a picture of disparate lives and personal dilemmas. As a participant observer in their religious resocialization and in interviews and conversations with over one hundred women Davidman also sought a new perspective on the religious institutions that reach out to these women and usher them into the community of Orthodox Judaism. Through vivid and detailed personal portraits *Tradition in a Rootless World* explores women's place not only in religious institutions but in contemporary society as a whole. It is a perceptive contribution that unites the study of religion sociology and women's studies.

Jewish Marital Captivity Shulamit S. Magnus, 2025-08-19 Solutions to divorce abuse in Jewish societies. *Jewish Marital Captivity* centers on the experience of women encountering systemic disadvantage in rabbinic marriage and divorce throughout Jewish history and across the map of Jewish life. In rabbinic law marriage is a unilateral act by the husband making divorce similarly the husband's sole prerogative in which his conscious will is also sacrosanct. Abuse necessarily follows and has been the case from earliest recorded history when husbands abandoned wives perished on business trips or in war or criminal incidents or maliciously refused wives a rabbinic writ of divorce. Get or extorted for one leaving wives trapped in marriage including to dead men. There is no time limit to this state. Women in such marital captivity without a husband's economic partnership or divorce or death settlements yet unfree to contract other marriages suffered devastating social economic and psychological hardship as did their children. Women's marital captivity has been treated as an issue in rabbinic law but has not until now been studied as a problem in Jewish societies across time and place with a focus on the predicament and behavior of women. *Jewish Marital Captivity* is a social history of this problem from the seventh century to the present across multiple Jewish communities focusing on the interaction of law and social reality. Magnus documents a pattern of assertive and transgressive actions by pious and rebellious women in traditional Jewish societies to escape marital captivity often with the assistance of male kin also probing why such behavior emerged in pre modern patriarchal societies. She charts women's role in the emergence of reforms in the medieval era offering women significant protections in marriage and divorce and rabbinic backlash against these advances. This backlash was codified and its legal rulings are enacted to this day in rabbinic courts in the US and other Diaspora communities and in Israel which lacks civil marriage and divorce and where Jewish citizens can only get divorced in rabbinic courts. It combines a sweeping history of Jewish women's marital captivity with an analysis of

the problem's systemic nature however personally and individually women experience it and with a critique of current policy as seeking to manage and thus perpetuate rather than end the abuse. It applies the lessons of the history uncovered to propose solutions to what Magnus presents not an Orthodox or an Israeli problem but a Jewish one. **The Transformation of American Religion** Alan Wolfe, 2005-04 In this astounding account a leading sociologist demonstrates that religion in America has become so tamed and softened that it hardly serves any of its original functions. **Straight Talk** Sally Berkovic, 1999 Writing in the first person to her daughters Berkovic relates stories from her upbringing to reconcile the contradictions between the opportunities of modern life and the constrictions of Orthodox practice. Reformed Resurgence Brad

Vermurlen,2020-11-02 One of the most significant developments within contemporary American Christianity especially among younger evangelicals is a groundswell of interest in the Reformed tradition In Reformed Resurgence Brad Vermurlen provides a comprehensive sociological account of this phenomenon known as New Calvinism and what it entails for the broader evangelical landscape in the United States Vermurlen develops a new theory for understanding how conservative religion can be strong and thrive in the hypermodern Western world His paradigm uses and expands on strategic action field theory a recent framework proposed for the study of movements and organizations that has rarely been applied to religion This approach to religion moves beyond market dynamics and cultural happenstance and instead shows how religious strength can be fought for and won as the direct result of religious leaders strategic actions and conflicts But the battle comes at a cost For the same reasons conservative Calvinistic belief is experiencing a resurgence present day American evangelicalism has turned in on itself Vermurlen argues that in the end evangelicalism in the United States consists of pockets of subcultural and local strength within the cultural entropy of secularization as religious meanings and coherence fall apart

Music in Lubavitcher Life Ellen Koskoff, 2000-11-06 *Music in Lubavitcher Life* illuminates the world of the Lubavitcher Hasidim a community of ultra orthodox Jews centered in the Crown Heights section of Brooklyn New York Drawing primarily on twenty years of close study of the Lubavitcher community Ellen Koskoff combines lively anecdotes with historical background and musical analysis to reveal music making among the Lubavitchers as a gateway to their ideas about the nature of human spirituality human social interaction and God

Lubavitcher music centers on the nigunim a body of paraliturgical folk and popular melodies that Lubavitchers regard as a primary form of spiritual communication with the divine For a song to be included in the repertory of nigunim it must conform to Hasidic religious and aesthetic principles If brought in from the outside it must be purified stripped of its coarse outer shell usually the text and recomposed in accordance with coded musical structures including certain melody types ornamentation and formal organization

Performance of nigunim adheres among other things to a process associated with the spirituality of the great Hasidic leaders of the past

Along with vivid descriptions of musical performance in religious contexts and private gatherings Koskoff details the musical sounds and structures that symbolize Lubavitcher social relations In particular she examines the differences between Lubavitcher women's and men's music making and the underlying beliefs and assumptions that give rise to gendered musical behaviors such as the dictum that prohibits men from hearing a woman sing

An insightful portrait of a distinctive community's musical and religious life Music in Lubavitcher Life is also a candid view of ethnographic research and of fieldwork's illusory objectivity
