Gillon, 2008-06-03 Most Americans saw President Bill Clinton and Speaker Newt Gingrich as staunch foes the polar extremes of Pennsylvania Avenue But as Steven Gillon reveals in The Pact these powerful adversaries formed a secret alliance in 1997 a pact that would have rocked the political landscape had it not foundered in the wake of the Lewinsky scandal A fascinating look at politics American style The Pact offers a riveting account of two of America's most charismatic and influential leaders detailing both their differences and their striking similarities and highlighting the profound and lasting impact the tumultuous 1990s had on both their personal and political lives With the cooperation of both President Clinton and Speaker Gingrich interviews with key players who have never before spoken about their experiences along with unprecedented access to Gingrich's private papers Gillon not only offers a behind the scenes look at the budget impasse and the government shutdown in 1995 the famous face off between Clinton and Gingrich but he also reveals how the two moved closer together after 1996 closer than anyone knew In particular the book illuminates their secret efforts to abandon the liberal and conservative wings of their own parties and strike a bi partisan deal to reform the third rail of American politics Social Security and Medicare That potentially groundbreaking effort was swept away by the highly charged reaction to the Lewinsky affair ending an initiative that might have transformed millions of American lives Packed with compelling new revelations about two of the most powerful and intriguing figures of our time this book will be must reading for everyone interested in politics or current events When We Were the Kennedys Monica Wood, 2012 Wood offers a moving memoir of the season in 1963 Mexico Maine as she her mother and her three sisters healed after the loss of their mill worker father and then the nation's loss of its handsome young Catholic president **Ralph Branca and the Meaning of Life** Bob Mitchell, 2025-08-29 Much ink has been spilled on Ralph Branca Bobby Thomson and the famous Miracle at Coogan's Bluff pennant playoff game in October of 1951 The present work is a novel approach to the history and context of this venerated game never before attempted in such terms This book considers that Dodgers pitcher and that uniquely dramatic game as actual metaphors for the human condition In this thought provoking odyssey the author unpeels the metaphorical layers of this baseball onion by discussing the profound psychological effects of winning and losing in America the concepts of shame hope injustice failure and luck and Branca as a conflicted and complex flawed yet sympathetic Everyman And finally by comparing Ralph's situation surprisingly and revealingly to similar crimes and punishments in world literature from Biblical icons Adam and Job to the protagonists of Sophocles Hawthorne Dostoevsky Kafka and Camus This work of baseball history and analysis stands as the only endeavor of its kind demonstrating the universality of America's game to the human condition

These are detailed in his spiritual quest to understand his being in this life. His quest takes him through Queer history, symbols, mythology, rituals, and spiritualities. This spiritual quest is further developed through his experiencing AIDS-related illnesses and with returning to life after encounters with the Death Crone. These all unfolded through his recovery from these addictions until where he has today peace and serenity as he never achieved previously. **Recognition** Robert R. Williams, 1992-03-04. **Mediating Spaces** James M. Robertson, 2024-07-17.

Throughout the twentieth century in the lands of Yugoslavia, socialists embarked on multiple projects of supranational unification. Sensitive to the vulnerability of small nations in a world of great powers, they pursued political, sovereignty, economic development, and cultural modernization at a scale between the national and the global, from regional strategies of Balkan federalism to continental visions of European integration to the internationalist ambitions of the Non-Aligned Movement. In *Mediating Spaces*, James Robertson offers an intellectual history of the diverse supranational politics of Yugoslav socialism, beginning with its birth in the 1870s and concluding with its violent collapse in the 1990s. Showcasing the ways in which socialists in Southeast Europe confronted the political, economic, and cultural dimensions of globalization, the book frames the evolution of supranational politics as a response to the shifting dynamics of global economic and geopolitical competition. Arguing that literature was a crucial vehicle for imagining new communities beyond the nation, Robertson analyzes the manuscripts, journals, and personal correspondence of the literary left to excavate the cultural geographies that animated Yugoslav socialism and its supranational horizons. The book ultimately illuminates the innovative strategies of cultural development used by socialist writers to challenge global asymmetries of power and prestige. *Mediating Spaces* reveals the full significance of supranationalism in the history of socialist thought, recovering a key concern for an era of renewed geopolitical contestation in Eastern Europe. **Of Mice and Metaphors** Jerrold R. Brandell, 2016-02-05.
