1

To connect your unit, insert the USB cable through the bottom of the base unit into the USB port. Then attach the front by inserting the front panel into the holder on the underside of the base unit.

2

Connect USB computers to a front USB port on your computer. A USB hub can be used but ensure that it can supply sufficient power (500 mA) to charge the device.

Alternatively, the device charger included can be used to connect the base unit to a USB device. However, if that causes issues or interference problems, see "Troubleshooting" on page 1.

3

The optional AC charger can be used.

CHARGING

- 1 hour + automatic charge to maximum setting
- 1 hour + full charge

1. Only connect one charging cable.

2. Supply power from an AC outlet to ensure the charger is in correct position. Red charge indicator light is green and indicates when charging and will go off completely when fully charged.

AC charging cable

When your computer is powered off, the USB cable will not charge and the charger indicator light will decrease. Using the optional AC adapter will allow your device to charge.

USB charging cable

When your computer is powered on, the USB cable will charge the USB computer.
