If you love scorching fast-paced reads, don't miss this thrilling series. This Box Set contains Book 7 Oliver's Hunger, Book 8 Thomas's Choice, Book 9 Cain's Identity, Book 10 Luther's Return, Book 11 Blake's Pursuit, Book 12 Fateful Reunion, and Book 13 John's Yearning. Novella: Mortal Wish. Oliver's Hunger: Newly turned vampire Oliver has trouble controlling his thirst for blood. Every night is a struggle against temptation, but when Asian beauty Ursula literally falls into his arms, he fears he will lose the battle over his inner demons and succumb to bloodlust. Thomas's Choice: Scanguards vampire and master of mind control Thomas has mentored newbie vampire Eddie for over a year and been in love with him for just as long. But he believes that his love will never be reciprocated. While patrolling San Francisco for evil vampires, Eddie kisses Thomas as a diversionary tactic and is shaken to the core by his reaction. Cain's Identity: Scanguards bodyguard Cain struggles with amnesia; however, the curtain to his past finally begins to lift when a mysterious stranger appears, revealing that Cain was the victim of an assassination attempt. Cain finds out that not only is he a powerful vampire king, he's also engaged to Faye Duvall, the female vampire who's been haunting his dreams. Luther's Return: After twenty years incarcerated in a vampire prison, Luther is finally free. Actress Kimberly Katie Fairfax has turned her back on Hollywood and now teaches drama at a college in San Francisco. When Scanguards owner Samson's daughter disappears during a performance, Katie blames herself for inadvertently putting Isabelle in the path of danger. Realizing that Luther may be the only one who can rescue Samson's daughter, she forges a tenuous alliance with the inscrutable stranger. Blake's Pursuit: Vampire Blake Bond and Lilo Schroeder, a human, are thrown together when their mutual friend Hannah goes missing. As they unravel the mystery of Hannah's disappearance, they uncover a dangerous plot by rogue vampires that may endanger the lives of all humans. Fateful Reunion: Vampiress Roxanne thought that by joining Scanguards as a bodyguard and starting a new life, she could put her painful past to rest. However, old wounds are opened when Charles, a witch, surfaces requesting protection for himself and his companion. John's Yearning: Emotionally scarred by the death of his mate and unborn child, vampire John Grant avoids women at all costs. But when single mother Savannah Rice begs him for help finding her kidnapped daughter Buffy, he can't help but feel drawn to her, and the passion that lies dormant behind her blue eyes. Mortal Wish: Jake Stone comes to an island with a magical spring to have his only wish in life fulfilled: to be mortal again. As a vampire, he's tired of the lonely and unfulfilling life he's been living. Then he meets Claire Culver, a woman whose trip to the island is her last hope. She wishes for a miracle to cure her of a terminal illness. Will her wish be granted, or will this be her last Christmas? Russia Abroad Anna Ohanyan, 2018-10-01 While we know a great deal about the benefits of regional integration there is a knowledge gap when it comes to areas with weak dysfunctional or nonexistent regional fabric in political and economic life Further deliberate unregioning applied by actors external as well as internal to a region has also gone unnoticed despite its increasingly sophisticated modern application by Russia in its peripheries This volume helps us understand what Anna Ohanyan calls fractured regions and their consequences for contemporary global security Ohanyan introduces a theory of regional fracture to explain how and why regions come apart consolidate dysfunctional ties within the region and foster weak states Russia Abroad specifically examines how Russia employs regional fracture as a strategy to keep states on its periphery in Eurasia and the Middle East weak and in Russia's orbit It argues that the level of regional maturity in Russia's vast vicinities is an important determinant of Russian foreign policy in the emergent multipolar world order Many of these fractured regions become global security threats because weak states are more likely to be hubs of transnational crime havens for militants or sites of protracted conflict The regional fracture theory is offered as a fresh perspective about the post American world and a way to broaden international relations scholarship on comparative regionalism

Sex Trafficking and the Media Meghan Sobel,2018-02-15 This book explores how sex trafficking has been reported in the media The book is set in the context of reportage of this human rights abuse in two varying political landscapes the United States being a developed democracy and Thailand experiencing continued political turmoil including a May 2014 coup d tat and an accompanying crackdown on free expression by the ruling military junta In doing so the book shows how there are great similarities between the two countries in the way the issue is misrepresented Drawing on content analysis of news coverage in the United States and Thailand as well as interviews with journalists anti trafficking advocates survivors of sex trafficking and consensual sex workers this book illuminates reasons why coverage is framed in the way s that it is how anti trafficking advocates can act as media advocates to push coverage in new directions and how journalistic functions are similar and different in the two countries

Drug Trafficking and International Security Paul Rexton Kan,2016-07-18 Global drug trafficking intersects with a vast array of international security issues ranging from war and terrorism to migration and state stability More than just another item on the international security agenda drug trafficking in fact exacerbates threats to national and international security In this light the book argues that global drug trafficking should not be treated as one international security issue among many Rather due to the unique nature of the trade illegal drugs have made key threats to national and international security more complex durable and acute Drug trafficking therefore makes traditional understandings of international security inadequate Each chapter examines how drug trafficking affects a particular security issue such as rogue nations weak and failing states protracted intrastate conflicts terrorism transnational crime public health and cyber security While some texts see drug trafficking as an international threat in itself others place it under the topic of transnational organized crime arguing that the threats emanate from criminal groups This book on the other hand provides a thorough understanding of how a vast array of threats to international security are exacerbated by drug trafficking

Economies of Violence Jennifer Suchland,2015-07-23 Recent human rights campaigns against sex trafficking have focused on individual victims treating trafficking as a criminal aberration in an otherwise just economic order In *Economies of Violence* Jennifer Suchland directly critiques these explanations and approaches as they obscure the reality that trafficking is symptomatic of complex economic and social dynamics and the economies of violence that sustain them Examining United Nations proceedings on women s rights issues government and NGO anti trafficking policies and campaigns by feminist activists Suchland contends that trafficking must be understood not solely as a criminal gendered and sexualized phenomenon but as operating within global systems of precarious labor neoliberalism and the transition from socialist to

capitalist economies in the former Soviet Union and Eastern Bloc In shifting the focus away from individual victims and by underscoring trafficking s economic and social causes Suchland provides a foundation for building more robust methods for combatting human trafficking
