downloadable resources An RV Information Notebook and an RV Maintenance Schedule Each is in an editable pdf format that allows you to make notes jot down important information or maintenance dates for your RV You can save it to your computer or upload it to a cloud service for access from anywhere on most computer devices Of course if you prefer these documents can be printed and put in a hard copy notebook At the end of the guide we also provide several checklists to help you prepare your RV for a trip set up and break camp either with hook ups or without and a glossary of RV terminology So you might ask what s the significance of the ninja name Our grandkids are big fans of American Ninja Warrior and we set up an obstacle course for them during our beach vacation They had to learn new skills think on their feet to solve problems and rise to the challenge of using what they have learned to complete the course While describing the challenge to the kids we realized that we had done all of that with our RV training We had to learn new skills with electricity and plumbing become more flexible to troubleshoot our rolling earthquake and apply what we had learned to prevent future problems After several years of this experiential training our transformation from novice campers to fully engaged RVers made us feel like we had become small RV ninjas Our blog Beach Nana Travels beachnana com shares our adventures in RVing and after many requests from our readers we have finally documented some of our training as small RV ninjas We hope it will help you in your journey with RVing
