Drum ,2007 **Lemon-Aid New Cars and Trucks 2010** Phil Edmonston,2009-11-01 This compendium of everything thats new in cars and trucks is packed with feedback from Canadian drivers insider tips internal service bulletins and confidential memos to help the consumer select whats safe reliable and fuel frugal **Lemon-Aid New and Used Cars and Trucks 1990-2016** Phil Edmonston,2015-11-21 This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car and truck book on the market Dr Phil Canada s best known automotive expert for more than forty five years pulls no punches The Price of Everything Eduardo Porter,2011-01-04 Everything has a price but it isn t always obvious what that price is Many of the prices we pay seem to make little sense We shell out 2 29 for a coffee at Starbucks when a nearly identical brew can be had at the corner deli for less than a dollar We may be less willing to give blood for 25 than to donate it for free Americans hire cheap illegal immigrants to fix the roof or mow the lawn and vote for politicians who promise to spend billions to keep them out of the country And citizens of the industrialized West pay hundreds of dollars a year in taxes or cash for someone to cart away trash that would be a valuable commodity in poorer

parts of the world *The Price of Everything* starts with a simple premise there is a price behind each choice that we make whether we're deciding to have a baby drive a car or buy a book We often fail to appreciate just how critical prices are as a motivating force shaping our lives But their power becomes clear when distorted prices steer our decisions the wrong way Eduardo Porter uncovers the true story behind the prices we pay and reveals what those prices are actually telling us He takes us on a global economic adventure from comparing the relative price of a vote in corrupt S o Tom and in the ostensibly uncorrupt United States to assessing the cost of happiness in Bhutan to deducing the dollar value we assign to human life His unique approach helps explain Why polygamous societies actually place a higher value on women than monogamous ones Why someone may find more value in a 14 million license plate than the standard issue 95 one Why some government agencies believe one year of life for a senior citizen is four times more valuable than that of a younger person Porter weaves together the constant and often unconscious cost and value assessments we all make every day While exploring the fascinating story behind the price of everything from marriage and death to mattresses and horsemeat Porter draws unexpected connections that bridge a wide range of disciplines and cultures The result is a cogent and insightful narrative about how the world really works Watch a Video [The Doctor Rowena Halley Series Books 1-4](#) Sid Stark, 2022-02-19 They say knowledge is power For newly minted PhD Rowena Halley all her book learning isn't enough to keep her safe She'll have to rely on her Moscow honed street smarts instead Get the first four books in the Doctor Rowena Halley series and three bonus companion novellas in one boxed set Brilliantly written and highly entertaining a must read *The Prairies Book Review* A charming blend of academic inspection and social commentary that weaves an engrossing personal perspective into a blend of social observation and evolving romance D Donovan Senior Reviewer *Midwest Book Review* Meet Rowena Halley a former human rights activist turned academic Rowena thought teaching on US college campuses would be a lot safer than interviewing torture victims in Russia Boy was she wrong Rowena quickly gets caught up in campus intrigue that threatens to turn deadly Meanwhile the life and lover she thought she'd left behind in Moscow might not be so firmly back in the past as she'd believed Written by a Russian professor with extensive insider knowledge of the topic these books take a deep dive into the dark underbelly of American higher education Serious and satirical in turn they combine mystery dark humor and a touch of romance in a searingly funny examination of contemporary American and Russian society Content warning These books contain adult language and have the one star reviews to prove it Worse than that they have been accused of peddling philosophy and political science You've been warned *Foreign Exchange* bonus novella Rowena travels to Moscow to spend the holidays with her fiancé opposition journalist Dima Kuznetsov But a story he's investigating takes a potentially deadly turn for their love and maybe for their lives *Campus Confidential* Newly single and fresh from her dissertation defense Rowena starts her first faculty job She was expecting poor treatment and lousy pay Murder seems a bit much *Permanent Position* The good news Rowena has a new job and maybe even a new boyfriend The bad news the job pays starvation wages and the

boyfriend is three states away Oh and Dima seems to want to be back in her life if his death wish doesn't get him first But it's when Rowena gets sucked into a nasty domestic dispute between a student and his mail order Belarusian bride that things get really dangerous Summer Session Rowena is looking forward to a fun interlude with American boyfriend Alex while teaching an intensive summer program But their weekend getaway is interrupted when a student goes missing Oh yeah and Dima seems ever more determined to stay in the picture Summer Break bonus novella Dima has spent the last year and a half in the comparative safety of the war zone in the Donbass But now his past is catching up with him A life or death confrontation might force him to rethink everything Trigger Warning Rowena is starting a new job that almost pays a living wage But when a prominent female gamer and feminist activist is targeted by a student men's rights organization Rowena gets drawn into a potentially deadly stew of toxic misogyny and heartbreak Winter Break bonus novella When the commander of a separatist battalion in the Donbass makes Dima an offer he can't refuse he finds himself one step closer to finding out who's behind the hit that's been put out on him But if he gets too close he might not survive long enough for it to matter
