Map** John Murray (Firm),1869 **The Ghost Map** Steven Johnson,2006 It is the summer of 1854 Cholera has seized London with unprecedented intensity A metropolis of more than 2 million people London is just emerging as one of the first modern cities in the world But lacking the infrastructure necessary to support its dense population garbage removal clean water sewers the city has become the perfect breeding ground for a terrifying disease that no one knows how to cure As their neighbors begin dying two men are spurred to action the Reverend Henry Whitehead whose faith in a benevolent God is shaken by the seemingly random nature of the victims and Dr John Snow whose ideas about contagion have been dismissed by the scientific community but who is convinced that he knows how the disease is being transmitted The Ghost Map chronicles the outbreak s spread and the desperate efforts to put an end to the epidemic and solve the most pressing medical riddle of the age **BOOK JACKET** **The Routledge Companion to Spatial History** Ian Gregory,Don DeBats,Don Lafreniere,2018-01-19 The Routledge Companion to Spatial History explores the full range of ways in which GIS can be used to study the past considering key questions such as what types of new knowledge can be developed solely as a consequence of using GIS and how effective GIS can be for different types of research Global in scope and covering a broad range of subjects the chapters in this volume discuss ways of turning sources into a GIS database methods of analysing these databases methods of visualising the results of the analyses and approaches to interpreting analyses and visualisations Chapter authors draw from a diverse collection of case studies from around the world covering topics from state power in imperial China to the urban property market in nineteenth century Rio de Janeiro health and society in twentieth century Britain and the demographic impact of the Second Battle of Ypres in 1915 Critically evaluating both the strengths and limitations of GIS and illustrated with over two hundred maps and figures this volume is an essential resource for all students and scholars interested in the use of GIS and spatial analysis as a method of historical research **Pitman's Journal of Commercial Education** ,1905 **The Map of Time Collection** Félix J. Palma,2015-07-28 The Map of Time Characters real and imaginary come vividly to life in this whimsical triple play of intertwined plots in which a skeptical H G Wells is called upon to investigate purported incidents of time travel and to save lives and literary classics including Dracula and The Time Machine from being wiped from existence What happens if we change history F lix J Palma explores this provocative question weaving a historical fantasy as imaginative as it is exciting a story full of love and adventure that transports readers from a haunting setting in Victorian London to a magical reality where centuries collide and a writer s mind seems to pull at all the strings The Map of the Sky 1898 New York socialite Emma Harlow agrees to marry well to do Montgomery Gilmore but only if he first accepts her audacious challenge to reproduce the Martian invasion featured in H G Wells s popular novel The War of the Worlds Meanwhile in London Wells himself is unexpectedly made privy to certain objects apparently of extraterrestrial origin that were discovered decades

earlier on an ill fated expedition to the Antarctic On that same expedition was an American crew member named Edgar Allan Poe whose inexplicable experiences in the frozen wasteland would ultimately inspire him to create one of his most enduring works of literature When eerie alien looking cylinders begin appearing in London Wells is certain it is all part of some elaborate hoax But soon to his great horror he realizes that a true invasion of Earth has indeed begun As brave bands of citizens converge on a crumbling London to defend it against utter ruin Emma and her suitor must confront the enigma that is their love a bright spark of hope even against the darkening light of apocalypse The Map of Chaos When the person he loves most dies in tragic circumstances the mysterious protagonist of The Map of Chaos does all he can to speak to her one last time A session with a renowned medium seems to offer the only solution but the experience unleashes terrible forces that bring the world to the brink of disaster Salvation can only be found in The Map of Chaos an obscure book that he is desperate to uncover In his search he is given invaluable help by Sir Arthur Conan Doyle Lewis Carroll and of course by H G Wells whose Invisible Man seems to have escaped from the pages of his famous novel to sow terror among mankind They alone can discover the means to save the world and to find the path that will reunite the lovers separated by death
