Langston,2025-04-26 What if white supremacy isn t just an ideology but performance art In The Matrix 1999 people lived in a computer generated illusion completely unaware What if I told you you re living in a human generated one Take your first step into new truth The White Matrix rips off the mask of the roles millions play to uphold the illusions of white supremacy From the Christian to the patriot from the gaslighter to the reverse racism victim and many more Langston exposes how these roles are performed in politics media and everyday life to keep the system alive Set against the chaotic backdrop of the Trump presidency and beyond this concise powerful work is an unflinching dissection of racial deception Langston not only reveals the show but hands you the script Whether you re ready or not within one hour The White Matrix will change how you see the world and yourself Once you step inside there s no going back **Life: Four Quarters Plus Overtime** Floyd L. Griffin Jr.,2019-09-25 Life Four Quarters plus Overtime is a book created specifically with the African American community in mind The book will examine the periods of development associated with the human life span with brief overview of the social emotional congenital perceptual and moral development specific to each life stage The book will include cutting edge commentary from experts in the field of psychology public health education religion genonrology and the healing arts Each chapter quarter will have African American proverbs cultural maxims quotes stories and words of wisdom from black achievers along with biblical scripture that will strengthen our faith and belief and help us interpret and experience our lives in a vastly different way The book will conclude Epilogue with Mr Griffin s Life Four Quarters plus Overtime Memoirs The Bricks Before Brown Marisela Martinez-Cola,2022-08 **Anthropology and Slavery at the Dawn of White Supremacy** Michael L. Blakey,2025-07-18 This volume examines biological and cultural data that debunk a primordial basis for racism It tracks the ancient history of all social inequity to agricultural and feudal societies The book then focuses on social and ideological developments in European societies associated with religious justifications for the enslavement of others The European Enlightenment built upon those prejudices with ideas about nature and acceptable natural causes of unequal social status for people newly classified into biological races Nineteenth century anthropology is critiqued by African diasporic scholars who

are the first Americans to argue that nurture rather than nature is responsible for human variation The American Civil War brought slavery nearly to an end but racist science continued to grow as eugenics applied to justify otherwise unjustifiable structures of human inequality such as Jim Crow segregation as though they are morally sound In constructing this historical and sociological counternarrative the author provides a critical new social history that illuminates a tangled and turgid past for contemporary readers students and researchers with vital insights for anthropology sociology history cultural studies philosophy and American studies
