**Study and Reading of American History** Edward Channing,Albert Bushnell Hart,Frederick Jackson Turner,1912      [Guide to the Study and Reading of American History \(Classic Reprint\)](#) Edward Channing,2015-08-04 Excerpt from Guide to the Study and Reading of American History In 1896 appeared the Guide to the Study of American History which is the foundation of the present work The two original authors have taken part in the preparation of the volume now laid before the public and with them has joined Professor Turner The book is therefore the outcome of thirty years experience in the study and teaching of American history by the three authors and is based upon their own class work and investigation Their point of view is that every scholar owes it to the cause to communicate his collection of materials so that through such mutual exchange American history may be made clearer and more authentic In several ways the present work differs from the preceding form it has been extended from 1865 down to 1910 it includes a great number of references to the immense literature which has accumulated since 1896 it replaces earlier and less accessible books with references to more available works it enlarges and

increases the sections on social economic and industrial history and it includes a new set of references from the growing wealth of writings upon the West As in the previous issue the volume is divided into parts Part I attempts to make clear the general place of American history as a study a recreation and a discipline Part II is a reclassified and enlarged set of references to groups of related books such as general works biographies sources and so on This is intended to contain the titles of the most significant books dealing with America the United States the states and notable individuals and phases of history It must be understood that all these lists are selected from a larger mass of material and are not intended to be complete or comprehensive bibliographies About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
