Reading The Family Dance Family Systems Therapy And Literary Study:

Reading the Family Dance John V. Knapp, Kenneth Womack, 2003 The development in recent years of the intersections between the family and literary study continues to emerge as one of the most productive and illuminating arenas of contemporary critique In addition to addressing the family dynamic through which a given literary character develops a fully realized sense of self family systems therapy allows readers to examine the patterns by which characters function in their larger intimate systems whether those systems be social institutional or even global As the intellectual foundation for the forms of therapy practiced by the majority of contemporary American and European psychotherapists the study of family systems theory and its intersections with literary works affords readers with an illuminating glimpse into the terminology and processes involved in this dynamic form of critique Perhaps most significantly family systems therapy allows critics to consider the distinctly social interactions that characterise our pathways to interpersonal development and selfhood John V Knapp is Professor of English with a joint appointment in modern literature and in teacher education at Northern Illinois University Kenneth Womack is Assist *The Ties That Bind* Sara E. Cooper, 2004-04-30 *The Ties That Bind* comprises the first collection of critical essays that explore the family system in Spanish and Latin American culture This thought provoking volume addresses the intersection of language narrative structure social reality and family dynamics through examples from a diverse range of literary works including Cervantes Don Quijote Reinaldo Arenas Celestino antes del alba and the Chicano film *My Family Mi Familia* Issues of feminism gender and sexuality abuse trauma and communication take the forefront in this ground breaking book which takes psychological literary criticism a step beyond traditional psychoanalytical approaches

Ritual, Family and Therapy in Anglophone Literatures Lars Heiler, 2025-03-10 This book investigates the triadic constellations between ritual family and therapy in literature in English Many rituals so called rites of passage in particular are strongly associated with the changing status of individuals as members of a family unit Traditional healing rituals were often designed to have a therapeutic effect sometimes mentally but also physically whereas modern psychotherapies often include ritual elements in order to enhance the efficacy of their treatment Families on the other hand can be the site of therapeutic activity by providing protection stability and emotional comfort yet difficult family constellations may also be the origin of emotional distress and the reason why a person needs counselling and therapeutic support in the first place Modern therapies such as family systems therapy have expanded their range of interest and influence in order to look at the whole family unit not just the symptomatic individual as client This study discusses nine literary texts six novels one literary memoir and two plays in which the three dimensions intersect and mutually influence each other **Certainty and Ambiguity in Global Mystery Fiction** John J. Han, C. Clark Triplett, Matthew Bardowell, 2024-02-08 Mystery fiction as a genre renders moral judgments not only about detectives and criminals but also concerning the cultural structures within which these mysteries unfold In contrast to other volumes which examine morality in crime fiction through the lenses of personal guilt

and personal justice Certainty and Ambiguity in Global Mystery Fiction analyzes the effect of moral imagination on the moral structures implicit in the genre In recent years public awareness has attended to the relationship between social structures and justice and this collection centers on how personal ethics and social ethics are bound together amidst the shifting moral landscapes of mystery fiction Contributors discuss the interplay between personal guilt and social guilt considering morality and justice on an individual level and at a societal level using frameworks of certainty and ambiguity They show how individual characters in works by Agatha Christie Gabriel Garc a M rquez Natsuo Kirino F H Batacan and Stephen King among others may view their moral standing with certainty but clash with the established mores of their culture Featuring essays on Japanese Filipino Indian and Colombian mystery fiction as well as American and British fiction this volume analyzes social guilt and justice across cultures showing how individuals grapple with the certainty and at times the moral ambiguity of their respective cultures

Teaching Literature in High School Thomas M. McCann, John V. Knapp, 2021-12-15 In looking for an approach to teaching literature in high school teachers largely fall back on the methods that they had experienced as students These practices often involve a teacher assigning a complex work of literature and then assessing students reading through in class recitations or quizzes Teachers typically dominate the discourse and sometimes take charge of the task by reading aloud whole swathes of texts to their students We know from our own experience as teachers supervisors of teachers and student teachers and researchers in the field that students are often bored with these approaches and teachers are frequently frustrated with learners unenthusiastic responses to the teachers favorite works of literature There has to be a better way This book offers approaches to engage students in productive procedures for reading complex texts and provides sample activities to allow learners to practice those procedures

Shakespeare's Domestic Tragedies

Emma Whipday, 2019-01-03 Domestic tragedy was an innovative genre suggesting that the lives and sufferings of ordinary people were worthy of the dramatic scope of tragedy In this compelling study Whipday revises the narrative of Shakespeare s plays to show how this genre together with neglected pamphlets ballads and other forms of cheap print about domestic violence informed some of Shakespeare s greatest works Providing a significant reappraisal of Hamlet Othello and Macbeth the book argues that domesticity is central to these plays they stage how societal and familial pressures shape individual agency how the integrity of the house is associated with the body of the housewife and how household transgressions render the home permeable Whipday demonstrates that Shakespeare not only appropriated constructions of the domestic from domestic tragedies but that he transformed the genre using heightened language foreign settings and elite spheres to stage familiar domestic worlds
