Reading The Beatles:

Reading the Beatles Kenneth Womack, Todd F. Davis, 2006-02-09 Addresses the band's resounding impact on how we think about gender popular culture and the formal and poetic qualities of music **Reading the Beatles** Kenneth Womack, Todd F. Davis, 2012-02-01 Despite the enormous amount of writing devoted to the Beatles during the last few decades the band's abiding intellectual and cultural significance has received scant attention Using various modes of literary musicological and cultural criticism the essays in *Reading the Beatles* firmly establish the Beatles as a locus of serious academic and cultural study Exploring the group's resounding impact on how we think about gender popular culture and the formal and poetic qualities of music the contributors trace not only the literary and musicological qualities of selected Beatles songs but also the development of the Beatles' artistry in their films and the ways in which the band has functioned as a cultural historical and economic product In a poignant afterword Jane Tompkins offers an autobiographical account of the ways in which the Beatles afforded her with the self-actualizing means to become less alienated from popular culture gender expectations and even herself during the early 1960s *The Beatles: Having Read the Book* Greg Sterlace, 2015-07-26 The cottage industry of Beatles publications is more prolific now than it ever was As the band recedes into the mystic fog of 20th century history we get more and more documentation about their music their love lives their personalities and their finances I wanted to try to make sense of it by reviewing the best and the worst of the Beatles tomes as they stand side by side in bookstores everywhere I spent 40 years reading about them knowing that one day I would share my accumulated knowledge with the fans in Pepperland Having read the book I'd love to turn you on *Read the Beatles* June Skinner Sawyers, 2006-10-31 A must have volume for all Beatles fans a career spanning selection of writings about the Fab Four There are of course many books on the Beatles but this is the only one available that is a comprehensive career spanning collection of journalism about the legendary band before and after the breakup Consisting of more than fifty articles essays interviews record and movie reviews poems and book excerpts many of them rare and hard to find *Read the Beatles* is an unprecedented compilation that follows the arc of the Fab Four's iconic and idiosyncratic career from their early days in Liverpool through their tragic and triumphant histories after the group's split The book also includes original essays from noted musicians and journalists about the Beatles' lasting influence and why they still matter today **The Beatles ,**

Dignan Ed.D. J.D.,2020-11-05 A BLUEPRINT FOR BUILDING PREMIER EDUCATIONAL LANDSCAPES IN YOUR COMMUNITIES This book is both a Memoir on challenges facing public schools and a Manual showing how those can be turned into opportunities for creating effective and even exceptional schools The Memoir depicts a career which spans 30 years 4 schools and an entire district beset with special characteristics and problems It is at times both somber and funny It shows communities at their best and communities at their worst with teachers causing or reflecting both ends of the continuum It also shows how an administrator can steer their buildings and districts toward state and national recognition In a stark accounting this book delineates both blatant and subtle discrimination against females in a man's world and mirrors history in its critical approach to women administrators The Chapter entitled How to Break through the Glass Ceiling without Having to Sweep up the Mess offers suggestions on how women can use some of that history to their advantage Included in the Manual portion of this book are also sections that offer step by step instructions for administrators who want to raise both the level of expectation and the performance of staff and students in an ongoing quest for excellence There are also recipes for raising test scores in a meaningful and dramatic way Several fun events encapsulated in both pictures and narrative excite not only students and staff but also communities and can be easily replicated Although many of these events were 1st in the country and featured in magazine and newspaper articles they are easy to copy especially at the elementary level Lastly there are tips for parents and ways to include them in this process we call education Given the recent Covid 19 crisis enlisting and enlarging the role of parents is especially timely *Fab* Howard Sounes,2010-10-26 He is one of the most famous most wealthy people on the planet and yet he remains little known and understood as a personality At long last
