The Graveyard of School Reform William L. Fibkins,2015-06-16 The Graveyard of School Reform Why the Resistance to Change and New Ideas explores the critical role resistance plays in defeating valued programs for students parents and staff It is time for education reformers to face the hard truths about the skilled and destructive forces of resisters and to learn that good ideas and calls for change are not enough Reformers need to learn how to overcome these entrenched forces and muster new skills with the will to win courage and the persistence required Resistance has been given little attention for far too long considering the huge cost and the loss of programs we desperately need Fibkins argues that reformers often accept defeat when they should be discovering new ways to win As an education reformer Fibkins has observed far too many necessary programs meet an untimely death due to the naivety of reformers By reviewing lessons learned from other failed reforms and analyzing successful reforms Fibkins new book addresses issues and presents doable models for reformers to succeed and deliver what administrators staff parents students and community members need to make their schools the best they can be

Transiciones Todd Ruecker,2015-02-15 Transiciones is a thorough ethnography of seven Latino students in transition between high school and community college or university Data gathered over two years of interviews with the students their high school English teachers and their writing teachers and administrators at postsecondary institutions reveal a rich picture of the conflicted experience of these students as they attempted to balance the demands of schooling with a variety of personal responsibilities Todd Ruecker explores the disconnect between students writing experiences in high school and higher education and examines the integral role that writing plays in college Considering the almost universal requirement that students take a writing class in their critical first year of college he contends that it is essential for composition researchers and teachers to gain a fuller understanding of the role they play in supporting and hindering Latina and Latino students transition to college Arguing for situating writing programs in larger discussions of high school college alignment student engagement and retention Transiciones raises the profile of what writing programs can do while calling composition teachers administrators and scholars to engage in more collaboration across the institution across institutions and across disciplines to make the transition from high school to college writing more successful for this important group of students
