we lose the personality of the haunted and indeed the haunter itself that is why in my books research papers and articles I always maintain the original testaments and facts The stories that I have collected for you now are rough diamonds totally unpolished and any additions by myself are kept to a minimum and noted clearly P 4 of cover **Ghost Story True or False** Michael Schneider, 2010-07-08 I found myself having paranormal experiences For a long time I thought I was crazy till I took a picture and saw a shadow in the back ground So I went round other location locations to see if I can find other images of ghosts To my surprise there was lots of images that had weird stuff in them I now believe there are thing out there that have not been explain and I will keep looking for the answers In this book I have put some true stories in and some false stories See if you can find out the true or the false without looking in the back of the book Real Ghost Stories William Thomas **50 Real Ghost Stories** M.
