How Not to Kill Yourself Clancy Martin, 2024-03-26 FINALIST FOR THE KIRKUS PRIZE FOR NONFICTION ONE OF TIME S 100 MUST READ BOOKS OF THE YEAR ONE OF THE NEW YORK TIMES BOOK REVIEW S CRITICS PICKS ONE OF THE BOSTON GLOBE S 55 BOOKS WE LOVED THIS YEAR ONE OF KIRKUS S BEST NONFICTION BOOKS OF THE YEAR An intimate insightful at times even humorous blend of memoir and philosophy that examines why the thought of death is so compulsive for some while demonstrating that there s always another solution from the acclaimed writer and philosophy professor based on his viral essay I m Still Here A deep meditation that searches through Martin s past looking for answers about why he is the way he is while also examining the role suicide has played in our culture for centuries how it has evolved and how philosophers have examined it Esquire A rock for people who ve been troubled by suicidal ideation or have someone in their lives who is The New York Times If you re going to write a book about suicide you have to be willing to say the true things the scary things the humiliating things Because everybody who is being honest with themselves knows at least a little bit about the subject If you lie or if you fudge the reader will know The last time Clancy Martin tried to kill himself was in his basement with a dog leash It was one of over ten attempts throughout the course of his life But he didn t die and like many who consider taking their own lives he hid the attempt from his wife family coworkers and students slipping back into his daily life with a hoarse voice a raw neck and series of vague explanations In How Not to Kill Yourself Martin chronicles his multiple suicide attempts in an intimate depiction of the mindset of someone obsessed with self destruction He argues that for the vast majority of suicides an attempt does not just come out of the blue nor is it merely a violent reaction to a particular crisis or failure but is the culmination of a host of long standing issues He also looks at the thinking of a number of great writers who have attempted suicide and detailed their experiences such as David Foster Wallace Yiyun Li Akutagawa Nelly Arcan and others at what the history of philosophy has to say both for and against suicide and at the experiences of those who have reached out to him across the years to share their own struggles The result combines memoir with critical inquiry to powerfully give voice to what for many has long been incomprehensible while showing those presently grappling with suicidal thoughts that they are not alone and that the desire to kill oneself like other self destructive desires is almost always temporary and avoidable
