It is said that an illiterate nation groans in darkness with no definite goal in fact an illiterate person is unemployable, irresponsible and blind. He can contribute very little to his society and country. He is irresponsible and unaware of his right and responsibilities. The whole country is responsible for this. Most of our people are illiterate and poor. In fact, illiteracy, caused by poverty, stands in the way of progress. All should be practical and pragmatic while addressing this problem. Effective government must be taken by all concerned to reduce illiteracy and thus make the nation enlightened.
