Thompson, 2014-05-28 Although Juan Domingo Per  n s central role in Argentine history and the need for an unbiased assessment of his impact on his nation s cinema are beyond dispute the existing scholarship on the subject is limited In recent decades Argentina has witnessed a revival of serious film study some of which has focused on the nation s classical movies and in one case on Peronism None of this work has been translated into English however This is the first English language book that offers an extensive assessment of Argentine cinema during first Peronism It is also the first study in any language that concentrates systematically on the evolution of social attitudes reflected in Argentine movies throughout those years and that assesses the period s impact on subsequent filmmaking activity By analyzing popular Argentine movies from this time through the prism of myth second order communication systems that present historically developed customs and attitudes as natural the book traces the filmic construction of gender criminality race the family sports and the military It identifies in movies the development and evolution of mindsets and attitudes that may be construed as Peronist By framing its consideration of films from the Per  n years in the context of earlier and later ones it demonstrates that this period accelerates and sometimes registers backward looking responses to earlier progressive mythic shifts and it traces the development in the 1950s of a critical mindset that comes to fruition in the new cinema of the 1960s *Picturing Argentina Myths Movies and the Peronist Vision* is an important book for Latin American studies film studies and history collections [Panorama 4e Instructor Resource Manual](#) Jose A. Analysis of Mexican Corn Prices in the Chicago Board of Trade Futures Market, period 2000-2016 Erika del Carmen González Huacuz, Jorge Víctor Alcaraz Vera, Rubén Chávez Rivera, 2025-04-09 This work outlines an analysis of the relationship between real prices of real production and prices resulting from speculation in the period 2000 2016 The specific agricultural commodity selected to carry out this study is Mexican yellow corn whose prices are analyzed based on the spot market on the real or physical goods market and on the results of speculation within the Chicago Board of Trade CBOT of the CME Group located in the United States of America To achieve the above a linear regression analysis using the ordinary least squares OLS method and time series data has been applied We consider that this tool is the most appropriate to test the hypothesis planted based on currently available data Among the main findings of the analysis is that the growing speculation in agricultural commodity markets in this case Mexican yellow corn brings with it a series of structural problems in the Mexican agricultural sector such as the agrifood crisis the lack of food sovereignty and a highly speculative pricing process coming from abroad In this sense this work shows evidence of the need to put forward proposals in terms of public policy whose axis is DOI <https://doi.org/10.52501/cc.050>

Home Away From Home Jeronima Echeverria, 1999-11-01 In this meticulously researched study of Basque boardinghouses in the United States Jeronima Echeverria offers a compelling history of the institution that most deeply shaped Basque immigrant life and served as the center of Basque communities throughout the West She weaves into her narrative the stories of the boarding house owners and operators and the ways they made their establishments a home away from home for their fellow compatriots as well as the stories of the young Basques who left the security of their beloved homeland to find work in the United States

Panorama: Intro. a la Lengua... - With Access Jose A. Blanco, Philip R. Donley, 2012-03-01 *Food and Revolution* Christiane Berth, 2021-02-02 Food policy and practices varied widely in Nicaragua during the last decades of the twentieth century In the 1970s and 80s food scarcity contributed to the demise of the Somoza dictatorship and the Sandinista revolution Although faced with widespread scarcity and political restrictions Nicaraguan consumers still carved out spaces for defining their food choices Despite economic crises rationing and war limiting peoples food selection consumers responded with improvisation in daily cooking practices and organizing food exchanges through three distinct periods First the Somoza dictatorship 1936 1979 promoted culture and food practices from the United States which was an option only for a minority of citizens Second the 1979 Sandinista revolution tried to steer Nicaraguans away from mass consumption by introducing an austere frugal consumption that favored local products Third the transition to democracy between 1988 and 1993 marked by extreme scarcity and economic crisis witnessed the re introduction of market mechanisms mass advertising

and imported goods Despite the erosion of food policy during transition the Nicaraguan revolution contributed to recognizing food security as a basic right and the rise of peasant movements for food sovereignty *The English Catalogue of Books: v.
