Paper2 Memo September 2014

**Jessie Blackbourn, Deniz Kayis, Nicola
McGarrity**

Paper2 Memo September 2014:

Law and Regulation of Mobile Payment Systems Joy Malala, 2017-11-28 Over the last ten years mobile payment systems have revolutionised banking in some countries in Africa In Kenya the introduction of M Pesa a new financial services model has transformed the banking and financial services industry Giving the unbanked majority access to the financial services market it has attracted over 18 million subscribers which is remarkable given that fewer than 4 million people in Kenya have bank accounts This book addresses the legal and regulatory issues arising out of the introduction of M Pesa in Kenya and its drive towards financial inclusion It considers the interaction between regulation and technological innovation with a particular focus on the regulatory tools institutional arrangements and government decisional processes through the examination as a whole of its regulatory capacity This is done with a view to understanding the regulatory capacity of Kenya in addressing the vulnerabilities presented by technological innovation in the financial industry for consumers after financial inclusion It also examines the way that mobile payments have been regulated by criticising the piecemeal approach that the Central Bank of Kenya has taken in addressing the legal and regulatory issues presented by mobile payments The book argues there are significant gaps in the regulatory regime of mobile banking in Kenya

Secrecy, Law and Society Greg Martin, Rebecca Scott Bray, Miiko Kumar, 2015-05-08 Commentators have shown how a culture of security ushered in after the terrorist attacks of 11 September 2001 has involved exceptional legal measures and increased recourse to secrecy on the basis of protecting public safety and safeguarding national security In this context scholars have largely been preoccupied with the ways that increased security impinges upon civil liberties While secrecy is justified on public interest grounds there remains a tension between the need for secrecy and calls for openness transparency and disclosure In law secrecy has implications for the separation of powers due process and the rule of law raising fundamental concerns about open justice procedural fairness and human rights Beyond the counterterrorism and legal context scholarly interest in secrecy has been concerned with the credibility of public and private institutions as well as the legacies of secrecy across a range of institutional and cultural settings By exploring the intersections between secrecy law and society this volume is a timely and critical intervention in secrecy debates traversing various fields of legal and social inquiry It will be a useful resource for academic researchers university teachers and students as well as law practitioners and policymakers interested in the legal and socio legal dimensions of secrecy

Organizational Perspectives on Environmental Migration Kerstin Rosenow-Williams, François Gemenne, 2015-10-16 Over the past decade international organizations IOs and non governmental organizations NGOs have increasingly focused their efforts on the plight of environmental migrants in both industrialized and developing countries However to date very few studies have analysed the influence and rhetoric of advocacy groups in the debates on environmental migration Organizational Perspectives on Environmental Migration fills this lacuna by drawing together and examining the related themes of climate change and environmental degradation

migration and organizational studies to provide a fresh perspective on their increasing relevance In order to assess the role of IOs and NGOs in the environmental migration discourse and to understand their interaction and their ways of addressing the topic the book contains a wide range of contributions covering the perspectives of organizational sociologists political scientists anthropologists geographers lawyers and practitioners The chapters are organized thematically around the perspectives of key actors in the area of environmental migration including IOs courts and advocacy groups The geographically diverse and interdisciplinary range of contributions makes this volume an essential foundational text for organizational responses to environmental migration This volume will be of great interest to students and scholars of migration studies international relations organizational sociology refugee law and policy and development studies

The Jacobites Daniel Szechi, 2019-04-05 The product of forty years of research by one of the foremost historians of Jacobitism this book is a comprehensive revision of Professor Szechi's popular 1994 survey of the Jacobite movement in the British Isles and Europe Like the first edition it is undergraduate friendly providing an enhanced chronology a convenient introduction to the historiography and a narrative of the history of Jacobitism alongside topics specifically designed to engage student interest This includes Jacobitism as a uniting force among the pirates of the Caribbean and as a key element in sustaining Irish peasant resistance to English colonial rule As the only comprehensive introduction to the field the book will be essential reading for all those interested in early modern British and European politics

Development and Policy Dialogue: Contemporary Insights Thomas Kaydor Jr., 2020-07-09 We live in a time when the largest numbers of people who were being lifted out of absolute poverty in a relatively short time in human history have relapsed into extreme poverty due to the Coronavirus Disease COVID 19 This is happening in Africa Asia Europe the Pacific and Americas as well as all other parts of the globe At this time the understanding of Public Policy and development are enriched at an unprecedented pace This is also the time when the once thriving economic social political and environmental transformations developing and developed countries experienced are being undermined by the global pandemic The experience for developing countries to achieve prosperity through economic growth good governance and inclusivity have gained greater attention today than ever The desired paths and innovative approaches to harnessing public policy dialogue are even more demanding thus the rightful time to explore important insights about national and global development Issues regarding aid corruption and anti corruption poverty reduction social protection economic growth and overall sustainable development require sober reflections Such reflections and insights must be evidence based To these this book contributes It's therefore a compelling consensus to grab and read a copy Don't miss it

The Euro and the Battle of Ideas Markus K. Brunnermeier, Harold James, Jean-Pierre Landau, 2018-09-18 How philosophical differences between Eurozone nations led to the Euro crisis and where to go from here Why is Europe's great monetary endeavor the Euro in trouble A string of economic difficulties in Eurozone nations has left observers wondering whether the currency union can survive In this book Markus Brunnermeier Harold James and Jean

Pierre Landau argue that the core problem with the Euro lies in the philosophical differences between the founding countries of the Eurozone particularly Germany and France But the authors also show how these seemingly incompatible differences can be reconciled to ensure Europe s survival Weaving together economic analysis and historical reflection The Euro and the Battle of Ideas provides a forensic investigation and a road map for Europe s future **Handbook of Spectrum Auction**

Design Martin Bichler,Jacob K. Goeree,2017-10-26 An international team of experts covers the pros and cons of different auction formats and lessons learned in the field *Strategy Shelved* Steven Wills,2021-08-15 As U S strategy shifts once again to focus on great power competition Strategy Shelved provides a valuable analytic look back to the Cold War era by examining the rise and eventual fall of the U S Navy s naval strategy system from the post World War II era to 1994 Steven T Wills draws some important conclusions that have relevance to the ongoing strategic debates of today His analysis focuses on the 1970s and 1980s as a period when U S Navy strategic thought was rebuilt after a period of stagnation during the Vietnam conflict and its high water mark in the form of the 1980s maritime strategy and its attendant six hundred ship navy force structure He traces the collapse of this earlier system by identifying several contributing factors the provisions of the Goldwater Nichols Act of 1986 the aftermath of the First Gulf War of 1991 the early 1990s revolution in military affairs and the changes to the Chief of Naval Operations staff in 1992 following the end of the Cold War All of these conditions served to undermine the existing naval strategy system The Goldwater Nichols Act subordinated the Navy to joint control with disastrous effects on the long serving cohort of uniformed naval strategists The first Gulf War validated Army and Air Force warfare concepts developed in the Cold War but not those of the Navy s maritime strategy The Navy executed its own revolution in military affairs during the Cold War through systems like AEGIS but did not get credit for those efforts Finally the changes in the Navy OPNAV staff in 1992 served to empower the budget arm of OPNAV at the expense of its strategists These measures laid the groundwork for a thirty year strategy of means where service budgets a desire to preserve existing force structure and lack of strategic vision hobbled not only the Navy but also the Joint Force s ability to create meaningful strategy to counter a rising China and a revanchist Russian threat Wills concludes his analysis with an assessment of the return of naval strategy documents in 2007 and 2015 and speculates on the potential for success of current Navy strategies including the latest tri service maritime strategy His research makes extensive use of primary sources oral histories and navy documents to tell the story of how the U S Navy created both successful strategies and how a dedicated group of naval officers were intimately involved in their creation It also explains how the Navy s ability to create strategy and even the process for training strategy writers was seriously damaged in the post Cold War era **The Politics of Supranational Banking Supervision in Europe** David Howarth,Huw Macartney,2019-09-19 Europe s sovereign debt crisis and the accompanying national bank crises in the European Union brought bank regulation and supervision to the top of the EU policy agenda In a few short years we have witnessed a great leap forward for European integration marked by over a dozen

pieces of EU legislation shaping the operation of banks rules on bank capital reconfigured supervisory agencies and Banking Union The significance of these measures lies however in the fact that they constitute the most dramatic transfer of policy making powers to the European level since the start of Economic and Monetary Union in 1999 This volume addresses the three main political battles behind the adoption of these new regulatory and supervisory policies First it examines divisions among states both according to their domestic institutional structures including distinct financial systems as well as their creditor or debtor status in the crisis Second it studies the battle over national versus supranational jurisdiction Third it explores the conflictual process of policy learning and the activation of epistemic communities who claim competence to address the crisis This book was originally published as a special issue of the journal West European Politics

Anti-Terrorism Law and Foreign Terrorist Fighters Jessie Blackbourn, Deniz Kayis, Nicola McGarrity, 2018-01-19 Jessie Blackbourn is a research fellow at the Centre for Socio Legal Studies at the University of Oxford UK Deniz Kayis is currently the Associate for Chief Justice Allsop AO of the Federal Court of Australia Nicola McGarrity is a senior lecturer and the Director of the Terrorism Law Reform Project at the University of New South Wales Australia India's Maritime Strategy Shishir Upadhyaya, 2019-09-05 The first book by a former Indian naval intelligence officer on Sino India relations India's Maritime Strategy provides a unique insight into the Indian Navy tracing its post independence growth and discussing its transformation and future in the 21st century In the context of the rise of China's maritime power in the Indian Ocean this book provides a nuanced view of the extent and scope of India's maritime reach and the effect of this on Sino Indian competition Challenging the view that by developing a favourable environment alone India could seek to maintain its balance of power with China it is argued that despite durable bilateral security ties with most regional states India's maritime aspirations to be the primary net security provider for the region are unsustainable in the long term This book presents a comprehensive coverage of India's bilateral maritime security engagements with all the Indian Ocean regional states as well as the US France UK and Russia As such it will be useful to students and scholars of Indian and South Asian politics international relations and maritime security

Community Translation Mustapha Taibi, Uldis Ozolins, 2016-02-25 Investigating an important field within translation studies Community Translation addresses the specific context characteristics and needs of translation in and for communities Traditional classifications in the fields of discourse and genre are of limited use to the field of translation studies as they overlook the social functions of translation Instead this book argues for a classification that cuts across traditional lines based on the social dimensions of translation and the relationships between text producers and audiences Community Translation discusses the different types of texts produced by public authorities services and individuals for communities that need to be translated into minority languages and the socio cultural issues that surround them In this way this book demonstrates the vital role that community translation plays in ensuring communication with all citizens and in the empowerment of minority language speakers by giving them access to information

enabling them to participate fully in society

Transdisciplinary Lifecycle Analysis of Systems R. Curran, N.

Wognum, M. Borsato, 2015-07-15 Concurrent Engineering CE is based on the premise that different phases of a product lifecycle should be conducted concurrently and initiated as early as possible within the Product Creation Process PCP It has become the substantive basic methodology in many industries including automotive aerospace machinery shipbuilding consumer goods process industry and environmental engineering CE aims to increase the efficiency of the PCP and reduce errors in later phases while incorporating considerations for full lifecycle and through life operations This book presents the proceedings of the 22nd ISPE Inc International Society for Productivity Enhancement International Conference on Concurrent Engineering CE2015 entitled Transdisciplinary Lifecycle Analysis of Systems and held in Delft the Netherlands in July 2015 It is the second in the series Advances in Transdisciplinary Engineering The book includes 63 peer reviewed papers and 2 keynote speeches arranged in 10 sections keynote speeches systems engineering customization and variability management production oriented design maintenance and repair design methods and knowledge based engineering multidisciplinary product management sustainable product development service oriented design product lifecycle management and trends in CE Containing papers ranging from the theoretical and conceptual to the highly pragmatic this book will be of interest to all engineering professionals and practitioners researchers designers and educators **The**

European Neighbourhood Policy - Values and Principles Sara Poli, 2016-03-31 The European Neighbourhood Policy is a key part of the foreign policy of the European Union EU through which the EU works with its southern and eastern neighbours with a view to furthering its interests and achieving the closest possible degree of political association and economic integration The policy is underpinned by a set of values and principles that the EU seeks to promote The European Neighbourhood Policy Values and Principles carries out a legal analysis of the values and principles that form the basis for the European Neighbourhood Policy respect for human dignity freedom democracy equality the rule of law and respect for human rights including the rights of minorities plus the principles of conditionality differentiation and coherence This collection explores the instruments that the EU has deployed under the European Neighbourhood Policy to spread its values and to achieve its interests It assesses to what extent the EU has been and is consistent in upholding its values in its relations with neighbouring countries and examines how these values have been received by these countries The book looks in particular at the nature of EU Russia relations seeking to identify areas of common interest as well as those of actual and potential disagreement **Accountability in the Economic and Monetary Union** Menelaos Markakis, 2020-04-02

Following the financial and public debt crisis the EU s Economic and Monetary Union EMU has been under intense political scrutiny The measures adopted in response to the crisis have granted additional powers to the EU and national authorities the exercise of which can have massive implications for the economies of the Member States financial institutions and of course citizens The following questions arise how can we hold accountable those institutions that are exercising power at the

national and EU level What is the appropriate level type and degree of accountability and transparency that should be involved in the development of the EU's governance structures in the areas of fiscal and economic governance and the Banking Union What is the role of parliaments and courts in holding those institutions accountable for the exercise of their duties Is the revised EMU framework democratically legitimate How can we bridge the gap between the citizens and the institutions that represent them and those institutions that are making these important decisions in the field of economic and monetary policy This book principally examines the mechanisms for political and legal accountability in the EMU and the Banking Union It examines the implications that the reforms of EU economic governance have had for the locus and strength of executive power in the Union as well as the role of parliaments and other political fora and courts in holding the institutions acting in this area accountable for the exercise of their tasks It further sets out several proposals regarding transparency accountability and legitimacy in the EMU

European Intermediary Liability in Copyright: A Tort-Based Analysis Christina Angelopoulos, 2016-09-15 In step with its rapid progress to the centre of modern social political and economic life the internet has proven a convenient vehicle for the commission of unprecedented levels of copyright infringement Given the virtually insurmountable obstacles to successful pursuit of actual perpetrators it has become common for intermediaries providers of internet related infrastructure and services to face liability as accessories Despite advances in policy at the European level the law in this area remains far from consistently applicable This is the first book to locate and clarify the substantive rules of European intermediary accessory liability in copyright and to formulate harmonised European norms to govern this complicated topic With a detailed comparative analysis of relevant regimes in three major Member State jurisdictions England France and Germany the author elucidates the relationship between these rules and the demands of EU law on fundamental rights and the principles of European tort law She clearly presents the interrelations between such areas as the following accessory liability in tort joint tortfeasance European fault based liability fault causation defences negligence negligence balancing rights based or utility based Germany's disturbance liability *Störerhaftung* fair balance in human rights end users fundamental rights The European Commission's 2015 Communication on a Digital Single Market Strategy for Europe The E Commerce Directive and other relevant provisions Safe harbours mere conduit caching hosting Intermediary actions monitoring filtering blocking removal of infringing content and application of remedies damages and injunctions The strong points of each national system are highlighted as are the commonalities between them and the author uses these to build a proposed harmonised European framework for intermediary liability for copyright infringement She concludes with suggestions for the future possible integration of the proposed framework into EU law The issue of the liability of internet intermediaries for third party copyright infringement has entered into the political agenda across the globe giving rise to one of the most complex contentious and fascinating debates in modern copyright law This book offers an opportunity for a re conceptualisation and rationalisation of the applicable law in a way which additionally better accounts

for the cross border nature of the internet It will be of inestimable value to many interested parties lawyers internet intermediaries NGOs policymakers universities libraries researchers lobbyists in matters regarding the information society

Fundamentals of EU VAT Law Ad van Doesum, Herman van Kesteren, Simon Cornielje, Frank Nellen, 2025-02-19 Value added tax VAT is responsible for generating almost EUR 1200 billion per year in tax revenues across the European Union revenues that play a huge role in budgetary policymaking in the Member States This extremely useful book provides not only a thorough description of the current state of EU VAT law but also a detailed explanation of the system's rationale and its legislative provisions It puts the elements of the system in perspective and shows how they are linked to each other The focus lies on the rules which can be deduced from the sources of EU VAT law and on their application in practice The systematic presentation covers such issues and topics as the following sources of EU VAT law including principles derived from CJEU case law principles underlying the EU VAT system relations among the layers of VAT law primary and secondary EU law national law how to apply the VAT legislation and case law allocation of taxing rights place of supply rules invoicing requirements and other administrative obligations exemptions the taxable amount and the new VAT rates structure the right of deduction of input VAT intra Community transactions importation and exportation e commerce distance sales rules platforms and the one stop shop mechanism immovable property holding companies and dealings in shares and how far a national court must and can go in interpreting national provisions in light of the VAT Directive and the principles underlying the VAT system The book follows the structure of the VAT Directive VAT determination scheme with additional topical chapters on immovable property intra Community transactions importation and exportation of goods and shares and other securities With its detailed attention to the meaning and interpretation of the most prominent legislative provisions and court rulings this book serves as an incomparable guide for practitioners Its emphasis on the rationale and systematics of the EU VAT system and abundance of references to case law and literature make it an indispensable reference for all tax law professionals including legislators judges and researchers

India--Myanmar Relations Rajiv Bhatia, 2015-08-11 This book provides a comprehensive evaluation of India's multi faceted relations with Myanmar It unravels the mysteries of the complex polity of Myanmar as it undergoes transition through democracy after long military rule Based on meticulous research and understanding the volume traces the trajectory of India Myanmar associations from ancient times to the present day and offers a fascinating story in the backdrop of the region's geopolitics An in depth analysis of India Myanmar China Triangle brings out the strategic stakes involved It will be of great interest to researchers and scholars of international relations peace and conflict studies defence and strategic studies politics South and Southeast Asian studies as well as policy makers and political think tanks

The Power of Your Life Grietjie Verhoef, 2018-10-22 This book explores a century of business development of The South African Life Assurance Company from a specific local focus to a national conglomerate expanding into global insurance markets Established as a strategic vehicle to address Afrikaner economic marginalization

and abject poverty at the beginning of the twentieth century Sanlam has displayed both path dependence and a dynamic adaptability to complex changing contexts to become a global player The strategic convergence of economic empowerment through the mobilization of savings into insurance products as well as Afrikaner nationalism assisted this growth Sanlam has played an a typical role in the economic empowerment of an ethnic entity through extensive investments into the industrializing South African economy This strategic diversion created operational limitations that were only resolved early in the twenty first century As globalization financial deregulation and weakened Afrikaner political and social hegemony manifested strategic change management relied on the path dependence of empowerment strategies to address new markets with similar needs to those of the early stakeholder market of 1918 The former mutual life office demutualized operations to become a diversified financial services group of companies operating across almost the entire African continent as well as in India Malaysia and the UK This volume presents a business history of strategic management of an insurance enterprise and its transformation from a defined cultural context into an international empowerment strategy through innovation on all levels of business operation and organization This book is an Open Access publication available online under a CC BY NC ND 4 0 license

The Betrayal Kim Christian Priemel, 2018-05-17 At the end of World War II the Allies faced a threefold challenge how to punish perpetrators of appalling crimes for which the categories of genocide and crimes against humanity had to be coined how to explain that these had been committed by Germany of all nations and how to reform Germans The Allied answer to this conundrum was the application of historical reasoning to legal procedure In the thirteen Nuremberg trials held between 1945 and 1949 and in corresponding cases elsewhere a concerted effort was made to punish key perpetrators while at the same time providing a complex analysis of the Nazi state and German history Building on a long debate about Germany's divergence from a presumed Western path of development Allied prosecutors sketched a historical trajectory which had led Germany to betray the Western model Historical reasoning both accounted for the moral breakdown of a civilised nation and rendered plausible arguments that this had indeed been a collective failure rather than one of a small criminal clique The prosecutors therefore carefully laid out how institutions such as private enterprise academic science the military or bureaucracy which looked ostensibly similar to their opposite numbers in the Allied nations had been corrupted in Germany even before Hitler's rise to power While the argument depending on individual protagonists subject matters and contexts met with uneven success in court it offered a final twist which was of obvious appeal in the Cold War to come if Germany had lost its way it could still be brought back into the Western fold The first comprehensive study of the Nuremberg trials *The Betrayal* thus also explores how history underpins transitional trials as we encounter them in today's courtrooms from Arusha to The Hague

Paper2 Memo September 2014: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
