Portland OR     **Stolen Childhoods** Nicola Tyrer,2011-06-09 The extraordinary stories of the children interned by the Japanese during the Second World War When the Japanese entered the war in 1941 some 20 000 British civilians in the European colonies in Asia were rounded up and marched off to concentration camps where they were to remain for three long years Over 3 000 of them were children This is the first time their extraordinary experiences of suffering endurance and bravery have been collected together **STOLEN CHILDHOODS** offers a window to a forgotten era and explores what happened when that world was brutally and suddenly shattered Living on what effectively became the frontline of a war in daily contact with an enemy whose values were totally alien they witnessed acts of shocking violence Harrowing but ultimately uplifting internment from a child s perspective is a complex and untold story It is a story that features horror suffering and self sacrifice but also celebrates the resilience adaptability and irrepressibility of the human spirit     Christianity, Social Justice, and the Japanese American Incarceration during World War II Anne M. Blankenship,2016-10-07 Anne M Blankenship s study of Christianity in the infamous camps where Japanese Americans were incarcerated during World War II yields insights both far reaching and timely While most Japanese Americans maintained their traditional identities as Buddhists a sizeable minority identified as Christian and a number of church leaders sought to minister to them in the camps Blankenship shows how church leaders were forced to assess the ethics and pragmatism of fighting against or acquiescing to what they clearly perceived even in the midst of a national crisis as an unjust social system These religious activists became acutely aware of the impact of government as well as church policies that targeted ordinary Americans of diverse ethnicities Going through the doors of the camp churches and delving deeply into the religious experiences of the incarcerated and the faithful who aided them Blankenship argues that the incarceration period introduced new social and legal approaches for Christians of all stripes to challenge the constitutionality of government policies on race and civil rights She also shows how the camp experience nourished the roots of an Asian American liberation theology that sprouted in the sixties and seventies

**Community Newspapers and the Japanese-American Incarceration Camps** Ronald Bishop,2015-06-03 Though much has been said about Japanese American incarceration camps little attention is paid to the community newspapers closest to the camps and how they constructed the identities and lives of the occupants inside Dependent on government and military officials for information these journalists rarely wrote about the violation of the evacuees civil rights Instead they concentrated on the economic impact the camps and the evacuees who would replace workers off to enlist in the military and work for defense contractors would have on the areas they covered Newspapers like the Cody Enterprise and Powell Tribune in Wyoming the Lamar Daily News and the Casa Grande Dispatch regularly published overly optimistic updates on the progress of construction the size of the contractor payrolls and the amount of materials used to build the camps Ronald Bishop and his coauthors reveal how journalists positioned the incarceration camps as a potential economic boon and how evacuees were framed as another community group there to contribute to the region s economic well being Community

Newspapers and the Japanese American Incarceration Camps examines the rhetoric and journalistic approach of the local papers and how they informed the communities just outside their walls This book will appeal to scholars of history and journalism
