Para Priyayi Sebuah Novel:

Para priyayi Umar Kayam, 1992 Indonesian Literature Vs New Order Orthodoxy Anna-Greta Nilsson Hoadley, 2005
Perhaps we shall never know the truth about Indonesia's failed supposedly Communist coup of 1965. This book analyzes Indonesian literature produced during the New Order period that deals with the events of 1965-1966 and its consequences.

Catatan Pinggir 04 Tempo Publishing, **A. H. Nasution and Indonesia's Elites** Barry Turner, 2017-11-17. This is an account of the military, political and personal life of Abdul Haris Nasution, who was a seminal figure in modern Indonesian history in the years prior to his effective sidelining in the 1960s. He was an important commander during Indonesia's struggle for independence, who rose to become a key leader of the Indonesian armed forces under the first president Sukarno. Perhaps more significantly, he developed ideas about guerrilla warfare that developed into a sophisticated and socially conservative doctrine for the mobilising of civilian communities. This in turn became the underpinning of the repressive military-backed New Order regime of Indonesia's second president Suharto, who ruled from 1966 until 1998 and which Nasution initially supported. Understanding Nasution's thinking about total people's resistance is therefore very important for understanding the broader trajectory of Indonesian political history. That includes both the New Order and the emerging democratic regime that developed after its collapse. The new political system that called itself the Reform Era was in many ways a direct reaction to the New Order military's penetration and close control of Indonesian society, but it has never dismantled the shadow state structure of the armed forces that Nasution designed and Suharto perfected. In other words, as this book shows, Nasution's legacy still looms large today in Jokowi's Indonesia. This is not the first assessment of Nasution's life, but it differs from earlier works by its investigation of Nasution's personal life and, in particular, his relationship with the well-off and well-connected Gondokusumo family, of which he became a member by his marriage to Johana Sunarti Gondokusumo. The author's thorough investigation of Nasution's relationship with Sunarti and her father offers important new insights into how Nasution's ideas evolved, as does the translation of important extracts from Nasution's own voluminous writing included in the text. **A**

History of Modern Indonesia Adrian Vickers, 2013-03-25. Since the Bali bombings of 2002 and the rise of political Islam, Indonesia has frequently occupied media headlines. Nevertheless, the history of the fourth largest country on earth remains relatively unknown. Adrian Vickers' book, first published in 2005, traces the history of an island country comprising some 240 million people from the colonial period through revolution and independence to the present. Framed around the life story of Pramoedya Ananta Toer, Indonesia's most famous and controversial novelist and playwright, the book journeys through the social and cultural mores of Indonesian society, focusing on the experiences of ordinary people. In this new edition, the author brings the story up to date, revisiting his argument as to why Indonesia has yet to realise its potential as a democratic country. He also examines the rise of fundamentalist Islam, which has haunted Indonesia since the fall of Suharto. *Wisseling van de wacht* Henk Maier, 2025-02-10. Ropewalking and Safety Nets Juliette Koning, Frans Hüsken, 2006-12-01 This volume discusses how national and local social security in Indonesia has changed over the past decades and in particular during the economic and political crisis of the late 20th and early 21st century The contributions based on case studies from urban and rural Java focus on the evolution of existing formal and informal institutions providing social security and at the ways in which people create access to such institutions and develop strategies to handle insecurities The main conclusion is that informal institutions providing support to those who need it more and more tend to exclude the poor and weak sections of society and that government policy in this field is only beginning to address these major social issues Cendekia Berbahasa , *Excerpta Indonesica* , 1992
