**Modern Issues in European Law** Göran Melander,2023-07-24 The essays in this book written in honour of Lennart P lsson emeritus Professor of Public and Private International Law at the University of Lund give a valuable insight into Nordic perspectives on a number of issues of great current interest and importance The Editor has succeeded in putting together a fascinating collection which covers inter alia competition law in the European Union the judicial system of the EU in the light of the Intergovernmental Conference the application of foreign law in Swedish courts Human Rights and university policy aspects of the new Nordic Law on carriage of goods by sea and Comparative Law as a yardstick for academic legal education The book will be a valuable addition to the literature of European Law containing as it does some new and unconventional ideas Empty Vessel Ian KumeKawa,2025-05-06 The rise of globalization and financialization as seen from a barge one Swedish barge to be exact built in 1979 The many headed hydra of neoliberalism has found its chronicler Sven Beckert author of Empire of Cotton I ve rarely read a book that so deftly entwines a single accessible story with the broad forces of globalization A stunningly original history Maya Jasanoff author of The Dawn Watch What do a barracks for British troops in the Falklands War a floating jail off the Bronx and temporary housing for VW factory workers in Germany have in common The Balder Scapa a single barge that served all three roles Though the name would eventually change to Finnboda 12 And then to Safe Esperia And later on to the Bibby Resolution And after that in short a vessel with so many names and so many fates that to keep it in our sights as the protagonist of this fascinating economic parable Ian KumeKawa has no choice but to call it simply the Vessel Despite its sturdy steel structure weighing 9 500 deadweight tons the Vessel is a figure as elusive and abstract as the offshore market it comes to embody a world of island tax havens exploited labor forces free banking zones Thatcherism Reaganomics and mass incarceration where even the prisoners are held offshore Fitted with modular shipping containers themselves the product of standardized global trade the ship could become whatever the market

demanded Whether caught in an international dispute involving Hong Kong Nigeria Indonesia and the Virgin Islands to be settled in an English court of law or flying yet another foreign flag of convenience to mask its ownership the barge is ever a container for forces much larger than even its hulking self Empty Vessel is a jaw dropping microhistory that speaks volumes about the global economy as a whole In following the Vessel and its Sister Vessel built alongside it in Stockholm from one thankless task to the next Kumekawa connects the dots of a neoliberal world order in the making where regulation is for suckers and Made in USA feels almost quaint      *An Essay on the Law of Bailments* William Jones, 1828
