Dear Mr. McCarthy:

I am writing to you in your capacity as chairman of the Drake School Board. I am among those American writers whose books have been destroyed in the now famous furnace of your school.

Certain members of your community have suggested that my work is evil. This is extraordinarily insulting to me. The news from Drake indicates to me that books and writers are very unreal to you people. I am writing this letter to let you know how real I am.

I want you to know, too, that my publisher and I have done absolutely nothing to exploit the disgusting news from Drake. We are not clapping each other on the back, crowing about all the books we will sell because of the news. We have declined to go on television, have written no fiery letters to editorial pages, have granted no lengthy interviews. We are angered and sickened and saddened. And no copies of this letter have been sent to anybody else. You now hold the only copy in your hands. It is a strictly private letter from me to the people of Drake, who have done so much to damage my reputation in the eyes of their children and then in the eyes of the world. Do you have the courage and ordinary decency to show this letter to the people, or will it, too, be consigned to the fires of your furnace?

I gather from what I read in the papers and hear on television that you imagine me, and some other writers, too, as being sort of ratlike people who enjoy making money from poisoning the minds of young people. I am in fact a large, strong person, fifty-one years old, who did a lot of farm work as a boy, who is good with tools. I have raised six children, three my own and three adopted. They have all turned out well. Two of them are farmers. I am a combat infantry veteran from World War II, and hold a Purple Heart. I have earned whatever I own by hard work. I have never been arrested or sued for anything. I am so much trusted with young people and by young people that I have served on the faculties of the University of Iowa, Harvard, and the City College of New York. Every year I receive at least a dozen invitations to be commencement speaker at colleges and high schools. My books are probably more widely used in schools than those of any other living American fiction writer.

Vonnegut in Fact Jerome Klinkowitz, 2012-06-05 Insights into Vonnegut's extensive nonfiction as a key to understanding innovation in his novels Vonnegut in Fact offers a thorough assessment of the artistry of Kurt Vonnegut known not only as the best selling author of *Slaughterhouse Five* *Timequake* and a dozen other novels but also as the most widely recognized public spokesperson among writers since Mark Twain Jerome Klinkowitz traces the emergence of Vonnegut's nonfiction since the 1960s when commentary and feature journalism replaced the rapidly dying short story market Offering close readings and insightful criticism of Vonnegut's three major works of nonfiction his many uncollected pieces and his unique manner of public speaking Klinkowitz explains how Vonnegut's personal visions developed into a style of great public responsibility that mirrored the growth of his fiction Klinkowitz views his subject as a gentle manipulator of popular forms and an extremely personable figure what might seem radically innovative and even iconoclastic in his fiction becomes comfortably avuncular and familiarly American when followed to its roots in his public spokesmanship

him only once that span Vonnegut's entire life. Among the anecdotes in this collection are remembrances from his immediate family, reflections from his comrades in World War II, and tributes from writers he worked with in Iowa City and from those who knew him when he was young. Editor Jim O'Loughlin offers biographical notes on Vonnegut's relationship with each of these figures. Since Vonnegut's death, much has been written on his life and work, but this new volume offers a more generous view of his life, particularly his last years. In O'Loughlin's introduction to the volume, he argues that we can locate and understand Vonnegut's best self through his public persona and that in his performance as the kind and humane figure that many of the speakers here knew him as, Vonnegut became a better person than he ever felt himself to be. *The Education of a Teacher* Susan Van Kirk, 2010-08-30 In 1968, at age twenty-one, I was sure I had all the answers I needed to know about teaching five classes a day in a real high school. I had no idea how naive I was. Every teacher's career is a journey of discovery that begins with rookie insecurities and moves toward self-confidence and understanding. When Susan Van Kirk drove into little Monmouth, Illinois, in 1968, straight out of college with her teaching degree in hand, she thought she was ready to teach English and speech to high school students. She didn't realize that for the rest of her career, she would both teach and be taught by a town, a school, and the students who entered her life. A veteran of thirty-four years in public high school teaching, Van Kirk will take you on a passionate and unforgettable journey through one teaching life. Meet her students and experience the events that molded a rookie teacher into a veteran. This montage of stories covers the years 1968 to 2008; they describe her early fears about classroom discipline, plots to overthrow the rookie, handing drug overdoses, the devastating first student death, and a challenge to a major Kurt Vonnegut book in her classroom. **The Principal's Quick-Reference Guide to School Law** Dennis R. Dunklee, Robert J. Shoop, 2006-04-05 The authors have taken a topic which could cover volumes and produced a concise, easily understood desk reference which I have already used on the job. Stephen Harding, Principal, Terry High School, MS. Minimize site-based risk while respecting the legal rights of students, staff, and parents. Principals deal with complicated and potentially damaging legal issues every day, and now there's an accurate, accessible tool written in plain English that can give administrators the information they need to do their jobs while minimizing legal risk. While retaining the reader-friendly format from their first edition, Dennis R. Dunklee and Robert J. Shoop, recognized school law experts, provide additional programmatic guidance for other school district personnel, management cues, and risk management guidelines, a comprehensive index, additional references to landmark court cases, coverage of the No Child Left Behind Act, and information on state-created danger and deliberate indifference. This second edition helps school administrators quickly find important legal guidance for issues that include staff selection and evaluation, student rights and discipline, special education, and the reauthorized IDEA. Copyright law, search and seizure, sexual harassment, and sexual exploitation. And many more. This essential desk reference offers a straightforward resource on translating school law into practice and can be used as a day-to-day reference guide or a comprehensive overview of school law today.
