Foss, Ann Skinner-Jones, 2018-07-31 Today's world is stuck in black and white thinking that limits creative possibilities We all need fresh ways to move forward beyond constraints that insist on only two possibilities one right the other wrong But the world is not a black and white place It is packed full of color Just as color is infinitely abundant so too is the potential for reshaping our lives By breaking down rigid mindsets new insights and vantage points can emerge In COLOR UP you will discover why black and white thinking is so prevalent when framing life dilemmas Placing possible choices in opposition to each other masks the abundant alternatives that lie in between and beyond everything from the mundane to the miraculous Color is your starting point and your prompt for change Take full advantage of the five interactive steps of COLOR an easy to remember acronym to transport you from limitation to possibility Connect to break out of black and white thinking Optimize to put your imagination to work creating colorful choices Lighten to choose and appreciate the playful side of life Oops to grasp there are no mistakes only opportunities Ripple to inspire others to see life from an abundant vibrant place The message is profound You are never stuck no matter the circumstances With the help of COLOR Up and a trusty color wheel you have all the tools you need to create a more vibrant life a life lived on your own terms      The American Lawrence Lee M. **Angels Tapping at the Wine-Shop's Door** Rudi Matthee, 2023-04-20 Islam is the only major world religion that resists the juggernaut of alcohol consumption In many Islamic countries alcohol is banned in others it plays little role in social life Yet Muslims throughout history did drink often to excess whether sultans and shahs in their palaces or commoners in taverns run by Jews or Christians This evocative study delves into drinking's many historic literary and social manifestations in Islam going beyond references to hypocrisy or the temptations of forbidden fruit Rudi Matthee argues that alcohol through its absence as much as its presence takes us to the heart of Islam Exploring the long history of this faith from the eighth century Umayyad dynasty to Erdogan's Turkey and from Islamic Spain to modern Pakistan he unearths a tradition of diversity and multiplicity in which Muslims drank and found myriad excuses to do so They celebrated wine and used it as a poetic metaphor even viewing alcohol as a gift from God the key to unlocking eternal truth Drawing on a plethora of sources in multiple languages Matthee presents Islam not as an austere and uncompromising faith but as a set of beliefs and practices that embrace ambivalence allowing for ambiguity and even contradiction **D.
