**Clandestine Erotic Fiction in English 1800-1930** Peter Mendes, 2016-12-05 This work offers bibliographical descriptions of all printings of erotic fiction in English issued clandestinely during the period 1800 1930 By clandestine is meant books whose publishers and printers attempt to hide their identities usually by offering title pages whose misleading places and dates of publication may shock and amuse but which always aim to mystify Using internal and external evidence an attempt is made to establish who were the printers booksellers and publishers English and Continental involved in this trade The printing families or groups into which a large percentage of the material falls are classified accompanied by illustrations which identify the main printing characteristics house styles of the groups Bibliographical descriptions follow a checklist of clandestine catalogues these provide valuable evidence for dating pricing and sales pitch and information on items of which no copies can now be traced The work concludes with a series of appendices which provide significant external evidence and three indexes of themes titles and names Peter Mendes original research builds on and significantly extends the essential pioneer work of the Victorian collector and bibliographer H S Ashbee Pisanus Fraxi **Manga: The Complete Guide** Jason Thompson, 2012-07-03 Reviews of more than 900 manga series Ratings from 0 to 4 stars Guidelines for age appropriateness Number of series volumes Background info on series and artists THE ONE STOP RESOURCE FOR CHOOSING BETWEEN THE BEST AND THE REST Whether you re new to the world of manga style graphic novels or a longtime reader on the lookout for the next hot series here s a comprehensive guide to the wide wonderful world of Japanese comics Incisive full length reviews of stories and artwork Titles rated from zero to four stars skip the clunkers but don t miss the hidden gems Guidelines for age appropriateness from strictly mature to kid friendly Profiles of the biggest names in manga including CLAMP Osamu Tezuka Rumiko Takahashi and many others The facts on the many kinds of manga know your sh jo from your sh nen An overview of the manga industry and its history A detailed bibliography and a glossary of manga terms LOOK NO FURTHER YOU VE FOUND YOUR IDEAL MANGA COMPANION **A Study of Erotic Literature in England** W. v. Murat, 2019-09-24 The present work fills a gap as it attempts to offer a history of erotic literature published in the United Kingdom The word Study in the title is perhaps a bit exaggerated as the material is largely taken from the now well known bibliographies by Pisanus Fraxi Henry Spencer Ashbee and quotations from the books themselves The time line is WW II Who was the author He may have been Charles Reginald Dawes 1879 1964 who is supposed to have written but not published a text of this or a similar title His profession or his activities are not known he once called himself a writer but library catalogues credit him only with two publications The Marquis de Sade Paris 1927 and Retif de la Bretonne London 1946 privately printed He may have been a popular writer under pseudonyms though Dawes owned a good erotica collection which he willed to the British Museum Library that would explain why the author of this Study if he was Dawes could quote freely from erotic texts which only few of his contemporaries would have had available The main merits of this book are that

the author was thoroughly familiar with English and French erotic literature and that he put his material in chronological order and in context The editor added a number of references illustrations and indices of personal names and titles to facilitate navigation
