Powerful Easter Plays:

Easy Church Holiday Plays: 3 Christmas Plays and 1 Easter Play Written for Small and Medium Sized Churches
Joshua Powell, 2018-09-26 Three Christmas Plays and One Easter Play perfect for the small to medium sized congregation Each only requires about fifteen performers with options to plug in more The plays incorporate humor drama and the Christmas programs are set to include music if desired Bethlehem s Inn tells of a young inn keeper in ancient Bethlehem who is eager to make a fortune and move His plans to expand his inn and move are rocked when he denies a room to two very special guests We Got Dat is a modern story of a storekeeper who forces his employees to work on Christmas Eve When he discovers an employee has been facing hardships at home he reconsiders the meaning of Christmas The Best Christmas Play Ever focuses on a pastor trying to put on the best Christmas play his church has ever had but can t come up with any good ideas Finally Jerusalem News Channel is a humorous telling of what the events around the death and resurrection of Jesus would have been like if the modern news media had been there to cover it

The Medieval Drama Sandro Sticca, 1972-06-30 The religious medieval drama like the Church which produced it was international As such from its earliest beginnings in the tenth century Quem quaeritis to the thirteenth century Ludi Paschales and Passion Plays it exhibits a cultural and thematic unity binding the various plays a thematic unity from the fabric of Christian thought and a cultural unity from the fact that these productions at least up to the end of the thirteenth century generally share a technical philological medium the Latin language In later centuries this religious drama expressed in the vernacular remained an act of faith its purpose being to strengthen the faith of the worshippers and to express in visible dramatic terms the facts and values of Christian belief These essays were in their original form addressed to the third annual conference of the Center for Medieval and Early Renaissance Studies at the State University of New York at Binghamton The work of international authorities on the medieval drama they span many centuries and bear witness to the growth of the religious dramatic form and of the dramatic movement and temper of the liturgy in which that form finds its origin Omer Jodogne establishes a difference on the aesthetic level between dramatic works and their theatrical performance by pointing out that the surviving texts whether they were meant for reading or for a theatrical performance reproduce only what was said on the stage and succinctly what was done Wolfgang Michael suggests that the first medieval drama did not originate in a slow growth from the Easter trope Quem quaeritis but was rather an original creation of the author or authors of the Concordia Regularis He indicates that subsequent dramatic endeavors in their slow process of change and expansion reflect the working of tradition rather than an original spirit and form Sandro Sticca examines the creation of the first Passion Play and shows that Christ s passion became increasingly popular in the tenth century and that the new forces which allowed a more eloquent and humane visualization and description of Christ s anguish first appeared in the eleventh and twelfth centuries He also refutes the traditional view that the Planctus Mariae is the germinal point of the Latin Passion Play V A Kolve seeks to account for

certain central facts about Everyman which have never had close critical attention He analyzes the Biblical and Patristic references within which the story is shaped and which are central to the understanding of other actions and to determining the meaning of the play Glynn Wickham after exploding on the evidence of reference alone the old categorizing of English Saint Plays as by products or late developments of Mysteries and Moralities turns to a critical discussion of the three surviving texts of English Saint Plays and of their original staging by means of diagrammatic illustrations providing a vivid visualization of their performance William Smolden takes an unaccustomed approach to the controversial question of the origins of the Quem quaeritis He maintains that when musical evidence is called on it brings about on a number of occasions a confutation of the theory of a textual writer From a detailed consideration of the two earliest Quem quaeritis he feels convinced that the place of origin of the trope was the Abbey of St Martial of Limoges The Redentin Easter Play Adolf Eduard Zucker,1966 *The English Mystery Plays* Rosemary Woolf,1980-01-01 This important new study of the English mystery plays has a twofold purpose It is concerned to investigate the antecedents of the four extant cycles and to demonstrate the dramatic value of the plays themselves The opening and concluding chapters place the plays in their historical context by discussing on the one hand the emergence and achievements of genuine religious drama as opposed to liturgical drama in the twelfth century and on the other the changes in taste that threw the plays into disrepute in the sixteenth century The main part of the book analyzes the plays in detail considering the iconographic and theological traditions that guided the dramatists in their treatment of biblical subject matter and also looking at the Continental drama of the time to find out what other dramatic possibilities were open to writers in the Middle Ages From publisher's description

She Organized a Club Hannah Rea Woodman,1908 **The City and the Parish: Drama in York and Beyond** Alexandra F. Johnston,2023-04-14 Collected Studies CS1062 This volume brings together a selection of the major articles of Alexandra F Johnston which along with similar volumes by the late David Mills Peter Meredith and Meg Twycross makes up a set of Shifting Paradigms in Early English Drama Studies Alexandra Johnston the founding director of the research project Records of Early English Drama is one of these four key scholars whose work has had a profound influence on the study of medieval and early modern English drama This collection of essays focuses especially on the York plays on the Mercers documents that initiated the project itself on the theology and christology of the plays on the relationship between the plays

and contemporary administrative bodies both civic and national and on the performance of the York plays in modern times A further group of articles considers documentary evidence for the wide range of drama and mimetic ceremony in the Midlands and the West Country reinforcing our understanding that these events took place predominately on a local parish level The collection is rounded out with a survey of the immense changes that our reading of early English drama have undergone over the past half century

The Liturgical Drama in Medieval Spain Richard B. Donovan, 1958 A Short History of English Literature Sir Archibald Strong, 1921 **Journal of Expression** Martin Luther, 1928
