

PP6 EXAM MARKING

PRE MEETING- HOD

Collect resources: exam board mark schemes, moderator reports and exemplar scripts.

Ideally use scripts which are close to the grade boundaries which can be used as check-in points for staff to measure their marking against.

Individually Mark Scripts

Teachers mark the sample scripts either before the meeting or during the meeting (depending on the needs of the subject)

Be aware of staff workload and give staff plenty of notice.

ESTABLISH CLEAR MARKING CRITERIA WITH TEAM

- Use Mark Schemes which outline the expectations for each grade or level.
- Align with Curriculum Objectives. Ensure that all assessment criteria match curriculum standards.

During the meeting

HOD or Exam Moderator lead discussion in comparing marks and discuss discrepancies. Agree on a standard approach to applying the mark scheme.

Staff leave with exemplars and marking criteria to apply to their class.

MARKING

Moderation Meeting

When more there is more than one marker the a moderation meeting will check for consistency.

Randomly select sample of papers across both teachers at a similar mark point to make comparisons. This should be done openly with all markers involved as a CPD opportunity and should be a positive experience.

RESPONSIVE TEACHING

Team to discuss:
What are the trends?
What is the best way to re teach this?

Discuss strategies for providing effective feedback to students based on common trends.

- Potential outcomes of discussion:
- Plan plan a pause lesson to reteach misconceptions
- Plan Revision lessons or interventions which lead up to exams.
- Create Personalised Learning plans

Mosby's Guide to Physical Examination - E-Book Henry M. Seidel, Rosalyn W. Stewart, Jane W. Ball, Joyce E.

Dains, John A. Flynn, Barry S. Solomon, 2010-03-04 Mosby's Guide to Physical Examination is a comprehensive textbook of physical examination history taking and health assessment with a unique emphasis on differential diagnosis and variations across the lifespan. The book conveys a uniquely compassionate patient-centered approach to physical examination with a strong evidence-based foundation. Clinical Pearls boxes give brief clinical insights with expert tips on techniques, findings, and patient teaching. Mnemonic boxes deliver engaging auditory, visual, and other memory cues to help you remember series of assessment or exam steps. Physical Variations boxes detail multicultural considerations for assessing patients from diverse ethnic and cultural groups. Staying Well boxes describe holistic approaches to health promotion and patient teaching. Risk Factors boxes highlight modifiable and nonmodifiable risk factors for a variety of conditions. Differential Diagnosis boxes give comparisons of expected findings for similar conditions and explain how disease presentations vary. Physical Examination boxes provide current data on the most effective techniques for delivering quality patient care. Functional Assessment boxes focus on the patient's functional abilities and present a holistic approach to patient care. Downloadable text and PDA summaries allow for quick review of the key steps in each system exam. Dynamic learning exercises on the companion website test your knowledge and provide instant feedback on your progress. Updates throughout reflect the latest research findings and evidence-based practice for techniques, normal and abnormal findings, genetics, and assessment. 60 video clips demonstrate exam techniques for each system and are downloadable for use on Video iPod devices. 25 new anatomy and physiology animations provide narrated explanations of processes beneath the skin. New audio chapter summaries downloadable for use on MP3 players offer a convenient way to review key content on the go. New 3-column tables featuring Pathophysiology, Subjective Data, and Objective Data provide an illustrated reference that allows for quick and accurate comparisons. 75 new illustrations and dozens of new photos of normal and abnormal findings help to clarify anatomic concepts and exam techniques.
