

WHY NO WARRANTY CARD HAS BEEN  
PACKED WITH THIS NEW RUGER FIREARM

The Magnuson-Moss Act (Public Law 93-637) does not require any seller or manufacturer of a consumer product to give a written warranty. It does provide that if a written warranty is given, it must be designated as "limited" or as "full" and sets minimum standards for a "full" warranty.

Strom, Roger & Company, Inc. has elected not to provide any written warranty, either "limited" or "full," rather than to attempt to comply with the provisions of the Magnuson-Moss Act and the regulations issued thereunder.

There are certain implied warranties under state law with respect to sales of consumer goods. As the extent and interpretation of these implied warranties varies from state to state, you should refer to your state statutes.

Stamps, Roger & Company wishes to assure its customers of its continued interest in providing service to owners of Roger firearms.

Records and Briefs* California (State).,      **Twenty Years of School-based Mass Shootings in the United States** Angelyn Spaulding Flowers, Cotina Lane Pixley, 2020-10-05

Twenty Years of School based Mass Shootings in the United States Columbine to Santa Fe is an examination of twenty years of school based mass shootings from Columbine to Santa Fe exploring the larger environmental framework within which these incidents occurred Angelyn Spaulding Flowers and Cotina Lane Pixley use a mixed methods approach to examine a diverse set of factors identifying risk and protective factors along with specifically desired public policy responses by evaluating the convergence of variables from the range of school based mass shootings included in this study These variables include the type of weapon used the availability of that type of weapon perpetrator characteristics school characteristics as well as the geospatial and demographic characteristics of the school neighborhood These school based mass shooting incidents are explored at both the state and regional level and are further discussed in comparison to leisure time gun use homicide rates and suicide rates in the geographical area The overarching geospatial analytical framework for this research also includes an examination of the manner in which existing policy enactments such as state gun laws vary by geography Spaulding Flowers and Lane Pixley argue that the increased number of fatalities in school based mass shooting is largely due to the increased lethality of the weapons and they propose alternative solutions Scholars of criminology sociology political science and history will find this book particularly useful      *Popular Mechanics*, 1998-06 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle      *The Ultimate Shooting Skills Manual* John B.
