Shaping History Through Prayer and Fasting Derek Prince, 2002-06-01 Become a World Shaper The times we are living in are scary to say the least The world is unstable Global politics are volatile The rate of change we now experience is spiraling out of control We re uncertain about what will happen tomorrow and we feel helpless to do anything about it Yet what we are facing isn t new In the past there have been many wars There have been threats and acts of terrorism History is spotted with violent episodes of unimaginable carnage and horror And what did people do about them The only thing they could do they prayed Discover with Derek Prince how your prayers and fasting can change the world Using experiences from his own life he illustrates how you can make a difference You don t have to fight You don t have to hold high political position You don t have to be a certain age You don t even have to have power money or influence on earth What is important is your influence in heaven Learn to touch the heart of God through prayer prayer that will change the world **Prayer is working together**

Women and Leadership in Islamic Law David Solomon Jalajel, 2016-11-10 Islamic law has traditionally prohibited women from being prayer leaders and heads of state A small number of Muslims today are beginning to challenge this stance but they face considerable opposition from the broader Muslim community *Women and Leadership in Islamic Law* examines the assumption within much existing feminist scholarship that the patriarchal nature of pre Islamic and early Muslim Near Eastern Society is the primary reason for the development of Islamic legal rulings prohibiting women from leadership positions It claims that the evolution of Islamic law was a complex process shaped by numerous cultural historical political and social factors as well as scriptural sources whose importance cannot be dismissed Therefore the book critically examines a broad survey of legal works from the four canonical Sunni schools of law to determine the factors that influenced the development of the legal rulings prohibiting women from assuming various leadership roles The passages that elaborate rulings about women s leadership are presented in translation as an appendix to the research and are then subjected to a variety of critical analyses to identify the reasons influences and assumptions underlying those rulings This is the first time works of all four schools of law have been subjected to this kind of analysis for the express purpose of determining the extent to which gender attitudes have influenced and determined the rulings This book will therefore be a vital resource for students and scholars of Islamic Studies Religious Studies and Gender Studies
