Ministry of Natural Resources,1984* Corbin's Advice, Or the Wolf Hunter's Guide Benjamin Corbin,2018-02-05 Excerpt from Corbin s Advice or the Wolf Hunter s Guide Tells How to Catch Em and All About the Science of Wolf Hunting I have always loved nature And stuck close to her and I will try to do it in this book If I have read my Bible correctly Abraham was one of the first shepherds In Genesis we read that he was rich in cattle in silver and in gold something like the ranch men and stockmen of North Dakota Indeed the pastoral life preceded every other profession The

Patriarchs were all shepherds Every prayer to the Lord was accompanied by a sacrifice from the flocks and herds When Abraham dug a well and there was a dispute about it he settled the whole thing with seven ewe lambs and called the place An Oath Those shepherds wandered from place to place wherever there was the best pasture just as we do in Dakota any more than the land of Canaan was nothing to be compared with Dakota for grazing When Jacob went a courting he hadn't a thing but a shepherd's crook but before he returned he had two wives and flocks and herds beyond computation Even in later times a young fellow who was out tending a flock was called to be King of Israel about the only good king we ever had that was David He was keeping sheep that very day He had guarded the flocks from the ravages of bear and wolf and lion and slain them with his own hands and yet he made a goodsoldier a peerless king and the greatest poet that ever lived Later on we should never forget that the Star of Bethlehem was first seen by the shepherds tending their flocks by night Virgil first sang the praise of shepherd life in his *bucolics* before he sang the praise of the arms and the man All sacred and classic history is replete with descriptions of Pastoral Life All the world knows that astronomy was first made a science by the shepherds watching the moving grandeurs of the skies In the New Testament the parable of the Good Shepherd shines like a star If Jesus did not disdain to call himself the Good Shepherd why should any man in Dakota not be proud to be called by that name or to be associated as I am with the men who are feeding their flocks on the rich and abundant pastures of this great commonwealth Largely my life has been spent in protecting these flocks against the incursions of ravenous beasts of prey I know it is but a step and the first step which counts in the march of civilization God made the country but man made the town and some of these towns are pretty tough like most of men's work I can not believe that Providence intended that these rich lands broad well watered fertile and waving with abundant pasturage close by mountains and valleys filled with gold and every metal and mineral should be forever monopolized by wild beasts and savage men I believe something in the survival of the fittest and hence I have fit for it all my life Civilization is a fine thing and it may spread itself like a green bay tree among the cities and lordly mansions of the Millionaires with all their silks and broadcloths but it has to have plenty of beef and pork and mutton yes yes and wool too and plenty of it But my lord and lady would go barefooted and that would be bad form and naked and that would be worse and empty and that would be awful if somebody somewhere and somehow would not send them leather and wool and beef and mutton But the herds and flocks must be raised and protected here for my lord and lady if it takes the last man and the last dollar The wolf doesn't like them and I trust the wolf will never come near their doors or that any of them will turn out wolves in sheep clothing but if he comes near mine I will take him in and it will be the saddest day of his life That's why I am here The wolf is the enemy of civilization and I want to exterminate him If he eats up the flocks where are your wool and mutton to come from and what's the use of
