The Machine Gun: Development during World War II and Korean Conflict by the United States and their Allies, of full automatic machine gun systems and high rate of fire power driven cannon George Morgan Chinn, 1951

The series of books entitled *The machine gun* was begun with the belief that the next best thing to actual knowledge is knowing where to find it. The research summarized within the covers of these volumes has been compiled by the Bureau of Ordinance Department of the Navy in order to place in the hands of those rightfully interested in the art of automatic weapon design the world's recorded progress in this field of endeavor.
