A Practical Guide to Social Interaction Research in Autism Spectrum Disorders Michelle O'Reilly, Jessica Nina Lester, Tom Muskett, 2017-11-16. This book introduces a novel approach for examining language and communication in autism spectrum disorder (ASD) discourse and conversation analysis. The authors offer a set of very different perspectives on these complex issues than are typically presented in psychological and clinical work. Emerging from a range of social scientific fields, discourse and conversation analysis involve fine-grained qualitative analysis of naturally occurring rather than laboratory-based interaction, enabling broad applications. Presented in two parts, this innovative volume first provides a set of pedagogical chapters to develop the reader's knowledge and skills in using these approaches, before moving to showcase the use of discursive methods through a range of original contributions from world-leading scholars drawn from a range of disciplines, including sociology, academic and clinical psychology, speech and language therapy, critical disability studies, and social theory and medicine and psychiatry.
