Stone, 2017-04-19 In Place of Gods and Kings presents a new reading of an important manuscript that has long been considered the foremost colonial era source for information related to the indigenous inhabitants of the Mexican state of Michoacán Drawing on recent trends in literary studies that call into question the universal validity of notions such as the unitary author and the primacy of alphabetic writing over oral and pictorial traditions Cynthia L Stone shows how this early Relaciones 1538-41 weaves together narrative strands representing the distinctive voices of four primary contributors According to the Franciscan compiler Jerónimo de Alcalá the manuscript is a testament to enlightened colonial officials who recognized that some familiarity with native customs and beliefs would further the goals of evangelization and Spanish rule This symbolic bridge between prehispanic and colonial times was articulated differently by the friars indigenous collaborators however who refused to accept their alleged cultural inferiority or fully renounce their previous allegiances Thus the drawings of the indigenous painters reproduced in this volume in both color and black and white evoke the sacred Mesoamerican tradition of writing in pictures The epic history narrated by the former high priest pays tribute to the great regional culture hero Tarácuri And the account of the Spanish conquest provided by the indigenous governor converts the military defeat of his people into a moral victory and a paradigm for cultural survival
