## **Retirement Done Right Intentional Planning For A Life Well Lived:**

Retirement Done Right Dan Michalk, 2014-11-20 Look at any photo of a person from 1950 at age 75 and you'll see how different our expectations are now when we think of our own vitality. People live longer which means retirement lasts longer. People are also healthy longer. That's a good thing. You should have resources to enjoy that for sure. However, if all you're doing is rethinking and bumping up the amount of money you'll need, I'm here to tell you you're looking at this retirement thing all wrong. The money is just the mechanism that allows you to do things with people you enjoy. The relationships you have now and will have then will mean the most. Cliches and common pitfalls many retirees face can be avoided with thoughtful consideration ahead of time. By weaving together powerful examples of people who've successfully navigated the waters to joy-filled retirement and financial planning tips that may make you reconsider the route you're currently taking, Dan Michalk will make you move your thinking from saving for retirement to truly and intentionally planning for this ever-increasing span of life.

Retire Inspired Chris Hogan, 2016-01-12 When you hear the word retirement, you probably don't imagine yourself scrambling to pay your bills in your golden years. But for too many Americans, that's the fate that awaits unless they take steps now to plan for the future. Whether you're twenty-five and starting your first job or fifty-five and watching the career clock start to wind down, today is the day to get serious about your retirement. In *Retire Inspired*, Chris Hogan teaches that retirement isn't an age; it's a financial number—an amount you need to live the life in retirement that you've always dreamed of. With clear investing concepts and strategies, Chris will educate and empower you to make your own investing decisions, set reasonable expectations for your spouse and family, and build a dream team of experts to get you there. You don't have to retire broke, stressed, and working long after you want to. You can retire inspired. **Powerful**
