RETIREMENT SERVICE CREDIT PAYMENT INSTRUCTIONS

The following are the procedures to be followed when you request that your assets in the New York State Deferred Compensation Plan be used to purchase retirement service credit in a public retirement system.

- Write to your retirement system requesting eligibility to purchase service credit (e.g., prior service credit or military service credit). Your retirement system will respond with a letter stating whether or not you are eligible to purchase retirement service credit. If qualified, the notification of eligibility will inform you of the cost to purchase the prior service credit and the date that the payment must be paid, which is generally 30 days after the date of the determination. Your Plan funds may be used to purchase optional service only.
- If you are currently purchasing retirement service credit through payroll deductions, write to your retirement system requesting the amount necessary to pay the remaining balance. Your retirement system will provide you with that amount and a due date, which is generally 30 days after the date of determination.
 - If you are currently making payroll deductions to purchase retirement service credit, it is your responsibility to notify your personnel agency to stop payroll deductions for this purpose. Any excess payments will be refunded to you by your retirement system.
- The Plan will transfer the amount you requested from your Plan account directly to your retirement system. You will be notified of the amount transferred and the date that that amount was paid to your retirement system.
