

# REVERSE SCAVENGER HUNT

## Objective

Be a Recycling Superstar and know what is and is not recyclable.

## What you will need

- 1 The list of what is and is not recyclable in your program.
- 2 Slips of paper with names of things that come in recyclable packages and things that are not recyclable items.  
For example:

• bottled water	• magazine	• toy
• milk	• scrap paper	• shirt
• soup	• shipping box	• basket
• cereal	• shampoo	• book
• chips	• dish detergent	• battery
• snack bar	• laundry detergent	• cell phone or tablet
• soda	• paper towels	
• juice	• laundry detergent	
- 3 Make a master list of yes/no items. Create and fold slips with names of items and drop them into a bowl.
- 4 **OPTION:** Use a tablet to share the house diagram on the following page, print a diagram and complete the exercise on paper, or go around your house together. Up your game and write clues for each item.

To protect the planet  
and keep it clean,  
we must search the house  
for items seen and unseen.

Where will you find it?  
Where should it go?  
When you finish this challenge,  
you will certainly know!

Everything we buy and bring into  
our home must someday go  
somewhere else. Where should it go?

Ask your superstar(s) to tell you what they know about recycling. Can they list some things that do and don't belong in recycling?

With your master list ready, have each player reach into the bowl and pull a slip and read the clue.

Either have players bring you the item or mark on the house diagram where that item might be when it is either empty, outgrown or ready to pass on.

Discuss what path the item should take.

**REMEMBER** Recyclables must be **EMPTY** and **DRY**.

Visit [itsallaboutyourecycle.org](http://itsallaboutyourecycle.org)  
to see how your  
recycling adds up!
